Creative Producer A Memoir Of The Studio System:

The Creative Producer David Lewis, 1993 In 1938 Warner Brothers production chief Hal Wallis grudgingly described David Lewis one of his six supervisors and a veteran of 15 feature films to director Michael Curtiz That Lewis is a genius at getting scripts out of people who can't write Wallis knew that writing ultimately defined the job of the creative producer and that David Lewis had an uncanny talent for coaxing the best filmic material from the screenwriters he supervised In this memoir Lewis describes his development as a production executive and how the associate producer helped make the famed studio system work It was the producer or supervisor at Warners who saw the script budgeted cast the film helped choose the director and gently influenced the filming itself Once shooting was complete it was the producer who stayed with the project through editing and previews David Lewis 1903-1987 was an associate producer at RKO and later at MGM He hit his stride at Warner Bros where between 1937 and 1942 he produced twelve films with such popular stars as James Cagney Each Dawn I Die Humphrey Bogart It All Came True Bette Davis Dark Victory Ronald Reagan Kings Row Errol Flynn Four's a Crowd and Charles Boyer All This and Heaven Too His films were nominated for a total of 15 Academy Awards including three for Best Picture Some of Lewis's films have rightfully become classics all reflect an unerring instinct for character and structure part of the filmmaking process he describes in *The Creative Producer* *Behind the Screen* William J. Mann, 2001 Mann looks at the influence of gay actors directors and set and costume designers on the development of the motion pictures

Subject Guide to Books in Print, 1975 **Hollywood Dreams Made Real** Mark A. Vieira, 2008-11 Nicknamed the Boy Wonder Irving G. Thalberg was running Universal Pictures at the age of twenty and he cofounded Metro Goldwyn Mayer at twenty-four Between 1924 and 1936 he supervised 400 memorable movies making stars of Lon Chaney Jean Harlow Clark Gable Joan Crawford John Gilbert and Greta Garbo By the time of his death at thirty-seven Thalberg had lifted film to the level of fine art In this groundbreaking book Mark A. Vieira draws on newly discovered interviews and production records the unpublished autobiography of Thalberg's wife superstar Norma Shearer and a treasure trove of unseen images to vividly recount the making of *Ben Hur* *The Big Parade* *Tarzan the Ape Man* *Grand Hotel* *Mutiny on the Bounty* *A Night at the Opera* and scores of other classics *Hollywood Dreams Made Real* is a fresh portrait of the prime architect of the studio system and an enchanting tour of the magical world he created *Louis B. Mayer and Irving Thalberg* Kenneth Turan, 2025-02-04 Kenneth Turan brings to life the extraordinary partnership of Louis B. Mayer and Irving Thalberg and their role in creating the film industry as we know it One was a tough junkman's son the other a cosseted mama's boy but they dreamed the same mighty dream that the right movies could make a profit and change both the culture and individual lives Sharing a religion and an evangelical zeal for film Louis B. Mayer 1884-1957 and Irving Thalberg 1899-1936 were unlikely partners in one of the most significant collaborations in movie history Over the course of their decade-long relationship as key players at Metro Goldwyn Mayer and major players in Hollywood they joined forces in redefining and mastering the template for the film

industry Mayer older by more than a dozen years was the business minded face of the studio while Thalberg worked closely with the creative corps especially writers together they rarely set a foot wrong And while Mayer initially viewed Thalberg as the son he never had the two would go from passionate friends to near enemies before Thalberg s shocking death at the age of thirty seven In the first joint biography of the two men in fifty years film critic Kenneth Turan traces their fraught relationship while examining the complicated history of Jewish identity in Hollywood

International Index to Film Periodicals, 1995 *Never Done* Erin Hill, 2016-10-05 Histories of women in Hollywood usually recount the contributions of female directors screenwriters designers actresses and other creative personnel whose names loom large in the credits Yet from its inception the American film industry relied on the labor of thousands more women workers whose vital contributions often went unrecognized *Never Done* introduces generations of women who worked behind the scenes in the film industry from the employees wives who hand colored the Edison Company s films frame by frame to the female immigrants who toiled in MGM s backrooms to produce beautifully beaded and embroidered costumes Challenging the dismissive characterization of these women as merely menial workers media historian Erin Hill shows how their labor was essential to the industry and required considerable technical and interpersonal skills Sketching a history of how Hollywood came to define certain occupations as lower paid women s work or feminized labor Hill also reveals how enterprising women eventually gained a foothold in more prestigious divisions like casting and publicity Poring through rare archives and integrating the firsthand accounts of women employed in the film industry the book gives a voice to women whose work was indispensable yet largely invisible As it traces this long history of women in Hollywood *Never Done* reveals the persistence of sexist assumptions that even today leave women in the media industry underpraised and underpaid For more information <http://erinhill.squarespace.com>

Books in Print, 1994 **Producing** Mark Lynn Anderson, 2016-01-14 Of all the job titles listed in the opening and closing screen credits producer is certainly the most amorphous There are businessmen and women producers writer director and movie star producers producers who work for the studio executive producers whose reputation and industry clout alone gets a project financed though their day to day participation in the project may be negligible The job title regardless of the actual work involved warrants a great deal of prestige in the film business it is the credited producers after all who collect the Oscar for Best Picture But what producers do and what they don t or won t do varies from project to project *Producing* is the first book to provide a comprehensive overview of the roles that producers have played in Hollywood from the dawn of the twentieth century to the present day It introduces readers to the colorful figures who helped to define and reimagine the producer s role including inventors like Thomas Edison moguls like Darryl F Zanuck entrepreneurs like Walt Disney and mavericks like Roger Corman Readers also get an inside look at the less glamorous jobs producers have often performed shepherding projects through many years of development securing financial backers and supervising movie shoots The latest book in the acclaimed *Behind the Silver Screen* series *Producing* includes essays written by seven film

scholars each an expert in a different period of cinema history Together they give readers a full picture of how the art and business of producing films has changed over time and how the producer s myriad job duties continue to evolve in the digital era Cultural Production and the Politics of Women's Work in American Literature and Film Polina Kroik,2019-01-21

Cultural Production and the Politics of Women s Work in American Literature and Film emphasizes the interrelation among women s workplace roles modes of authorship and processes of subject formation pointing to some of the reasons for the persistence of limiting gender roles and occupational hierarchies that arose during the first 60 years of the 20th century The book interrogates three common narratives The rise of Fordism as a masculine mode of production and the transition to an era of feminized work women s liberation through the sexual revolutions and the rise of a new form of literary authorship Conversely it suggests that women s labor was integral to the operations of the Fordist business sphere where unlike at the factory the white collar office proletarian work was casualized and feminized This book argues that this workplace was an important site of subject formation affirming dominant ideologies through economic practices Analyzing work by Sinclair Lewis Nella Larsen Anita Loos and Sylvia Plath the book presents an alternative history of American modernism one that is more attuned to gendered discourses of labor and class By looking at the micropolitics of power within cultural institutions this study moves beyond the dichotomies of exclusion inclusion to interrogate the terms on which women and minorities worked as producers and the ideas and experiences that consequently entered the field of intelligibility American Silent
