Creative Unity Rabindranath Tagore,1922 *Creative Unity - Lectures on God & Spirituality* Rabindranath Tagore,2020-12-17 Creative Unity is a religious book by Rabindranath Tagore The main idea behind this book is that the man exists for the sole purpose of creation rather than production It is backed up by author s extensive knowledge on the subject regarding the spiritual and physical aspects of nature and man His emphasis on poetry and literary art skills of our ancestors in paving the way for a harmonious existence with nature s beauty and God s love is well brought out

Creative Unity Rabindranath Tagore,2025-02-17 Creative Unity by Rabindranath Tagore is a profound exploration of the interconnectedness of life art and spirituality urging readers to seek harmony and unity in a world often fragmented by materialism and conflict Tagore a celebrated poet and philosopher masterfully weaves together his insights on individual existence societal structures and the relationship between East and West The book serves as a call to recognize the infinite within ourselves and to express this truth through creative endeavors and loving relationships

Creative Unity (Classic Reprint) Rabindranath Tagore,2015-07-07 Excerpt from Creative Unity It costs me nothing to feel that I am it is no burden to me And yet if the mental physical chemical and other innumerable facts concerning all branches of knowledge which have united in myself could be broken up they would prove endless It is some untold mystery of unity in me that has the simplicity of the infinite and reduces the immense mass of multitude to a single point This One in me knows the universe of the many But in whatever it knows it knows the One in different aspects It knows this room only because this room is One to it in spite of the seeming contradiction of the endless facts contained in the single fact of the room Its knowledge of a tree is the knowledge of a unity which appears in the aspect of a tree This One in me is creative About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at www.forgottenbooks.com This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works

Creative Unity Rabindranath Tagore,2014-04-09 Civility is beauty of behaviour It requires for its perfection patience self control and an environment of leisure For genuine courtesy is a creation like pictures like music It is a harmonious blending of voice gesture and movement words and action in which generosity of conduct is expressed It reveals the man himself and has no

ulterior purpose Our needs are always in a hurry They rush and hustle they are rude and unceremonious they have no surplus of leisure no patience for anything else but fulfilment of purpose We frequently see in our country at the present day men utilising empty kerosene cans for carrying water These cans are emblems of discourtesy they are curt and abrupt they have not the least shame for their unmannerliness they do not care to be ever so slightly more than useful The instruments of our necessity assert that we must have food shelter clothes comforts and convenience And yet men spend an immense amount of their time and resources in contradicting this assertion to prove that they are not a mere living catalogue of endless wants that there is in them an ideal of perfection a sense of unity which is a harmony between parts and a harmony with surroundings

The Creative Dialectic in Karen Blixen's Essays Marianne T. Stecher, 2014-03-06 This new study addresses the provocative essays of Karen Blixen Isak Dinesen an iconic figure in Scandinavia and the Anglo American world Celebrated for her literary tales Karen Blixen s essays offer sagacious reflections on three significant challenges of the twentieth century feminism Nazism and colonialism Karen Blixen 1885 1962 contributed to topical debates in Denmark particularly during the 1950s when her distinct voice on Danish radio became familiar to a nation of listeners Some of her lectures radio addresses and newspaper chronicles were later published as essays and now constitute a distinct genre within her work In this study Blixen s most important essays are critically examined for the first time The book demonstrates that a creative dialectic informs these essays an interplay of complementary opposites that Blixen sees as fundamental to human life and artistic creativity Whether exploring questions of gender and the status of the feminist movement or the reign of National Socialism in Hitler s Germany or colonial race relations under British rule in East Africa Blixen s observations are insightful witty and surprisingly progressive for an author notable for aristocratic sensibilities Blixen s essays are also framed by a dialectic method which develops an idea by drawing on opposing viewpoints in order to arrive at an original vantage point The Creative Dialectic of Karen Blixen s Essays builds on archival research historical study literary criticism and theory as well as bilingual readings of Blixen s renowned literary work For the first time in an English translation Karen Blixen s essay Blacks and Whites in Africa 1938 by award winning translator Tiina Nunnally appears in this publication Creative Personality Ralph Tyler Flewelling, 1926

Creative Unity Rabindranath Tagore, 2015-03-26 The ultimate truth of our personality is that we are no mere biologists or geometricians we are the dreamers of dreams we are the music makers This dreaming or music making is not a function of the lotus eaters it is the creative impulse which makes songs not only with words and tunes lines and colours but with stones and metals with ideas and men With wonderful deathless ditties We build up the world s great cities And out of a fabulous story We fashion an empire s glory I have been told by a scholar friend of mine that by constant practice in logic he has weakened his natural instinct of faith The reason is faith is the spectator in us which finds the meaning of the drama from the unity of the
