Creativity And God:

Discovering God Through the Arts Terry Glaspey, 2021-02-02 What does art have to do with faith For many Christians paintings films music and other forms of art are simply used for wall decoration entertaining distraction or worshipful devotion But what if the arts played a more prominent role in the Christian life In *Discovering God through the Arts* discover how the arts can be tools for faith building life changing spiritual formation for all Christians Terry Glaspey author of 75 Masterpieces Every Christian Should Know examines How the arts assist us in prayer and contemplation How the arts help us rediscover a sense of wonder How the arts help us deal with emotions How the arts aid theological reflection and so much more Let your faith be enriched and discover how beauty and creativity can draw you nearer to the ultimate Creator

Creativity and God Robert C. Neville, 1995-10-12 This book is a sympathetic critique of process theology with responses to the arguments addressed by leading thinkers *Images and Idols* Thomas J. Terry, J. Ryan Lister, 2018 Lister a theology professor and Terry a spoken word artist and the founder of Humble Beast team up to help restore the connection between creativity and theology to help artists build a strong theological foundation for their work while challenging the church to embrace a theology of beauty and creativity **Images and Idols** Thomas J Terry, J. Ryan Lister, 2018-10-02 Christians ought to be leading the way in creativity but we rarely do God is the Creator of all things and He created us in His image Creativity is woven into the very fabric of our humanity Therefore Christians should value and champion creativity as a vital part of our image bearing role Instead Christians often don't know what to do with creatives and creatives don't know what to do with Christianity On one side you have Christians who neglect or discount art imagination and beauty altogether On the other you have artists who make idols out of each of these good things Ryan Lister a theology professor and Thomas Terry a spoken word artist and founder of Humble Beast team up to help restore the connection between creativity and theology *Images Idols* is a theological and artistic exploration of creativity in the Christian life It will help creatives build a strong theological foundation for their art while challenging the church to embrace a theology of beauty and creativity **Making Good** Trevor Hart, 2023-05 God spoke and all that is and all that ever will be came into existence God alone can be called uncreated and Creator and creation can only accomplish that which already exists within God's imagination In *Making Good* Trevor Hart argues that human creativity is always a matter of unfolding the possibilities already latent within the original creative event *Making Good* contends that while humans must acknowledge the unique and incomparable dimensions of God's creative activity the biblical theology of creation encourages rather than prohibits human creativity within a language of creation Hart's basic contention is that the God known as the Father of Jesus Christ is no domineering deity who jealously seeks to protect his creative prerogatives but one whose own creativity calls forth inspires and enables creative responses on the part of his human creatures *Making Good* blends biblical historical and systematic theology into conversation with philosophy aesthetics and developments in creative theory among the social sciences Hart renders a theological account of

human artistry and the wider human activities of making good **Discovering Your Creativity** Women of Faith,2010-02 Rediscover the joy God intended us to have by being creative Do it yourself arts crafts and home projects are more popular than ever Websites and TV shows are drawing people in as many of us especially women seek to express their creative sides and be more economical Too often the demands of life don t encourage an expression of creativity But that s not how God intended us to live He gave us each a unique fulfilling creative streak that He wants us to tap into Whether trying to save money by mastering DIY projects seeking to start a small arts and crafts business on such sites as etsy com or simply looking for a way to express God given creativity Discovering Your Creativity encourages women to rediscover the joy God intended us to have by being creative **The Creativity of God** Oliver Davies,2004-08-05 We have as a theological community generally lost a language in which to speak of the created ness of the world As a consequence our discourses of reason cannot bridge the way we know God and the way we know the world Therefore argues Oliver Davies a primary task of contemporary theology is the regeneration of a Christian account of the world as sacramental leading to the formation of a Christian conception of reason and a new Christocentric understanding of the real Both the Johannine tradition of creation through the Word and a Eucharistic semiotics of Christ as the embodied sacrificial and creative speech of God serve the project of a repairal of Christian cosmology The world itself is viewed as a creative text authored by God of which we as interpreters are an integral part This is a wide ranging and convincing book that makes an important contribution to modern theology Jesus and Creativity Gordon D. Kaufman,2006-07-17 The lively interest today in the historical figure of Jesus is rarely matched by theological advances in understanding his person and significance for our own time and worldview Gordon Kaufman takes up this challenge in this bold speculative work Despite the fabled difficulties of traditional Christological terms few theologians since Tillich and Teilhard have sought to re envision the symbol of Jesus within the contemporary scientific worldview Building on his notion of God as simply creativity Kaufman here locates the meaning of Jesus salvific story within an evolving universe and a threatened planet Outside the dualistic categories of the biblical worldview he finds the enormously creative and influential figure of the historic Jesus can have a vital role in the emergence and development of the cosmos and human history Within that role he argues Jesus his relation to God and his centrality to Christian faith become clearer and our own lives and actions take on a new meaning The Imagination of God Brian Godawa,2016-07-01 Want to Know God More Use Your ImaginationNOTE This book was previously released with the title Word Pictures Knowing God Through Story and Imagination Artist and screenwriter Brian Godawa used to revel in his ability to argue the truth of the gospel often crushing his opponents in the process In time however he began to realize that winning an argument about the logic of Christianity did not equal persuading people to follow Jesus What was missing Through prayer and searching the Scriptures Godawa realized that while God cares deeply for rationality propositional truths were not the only or even the primary tools he used to reach people with his Truth In fact Godawa discovered that story visual images and other kinds of

art were central to God's communication style because they could go places reason could never go into the imagination and the heart. The Bible is a Work of Art. In his refreshing and challenging book *Godawa* helps you break free from the spiritual suffocation of heady faith. Without negating the importance of reason and doctrine, *Godawa* challenges you to move from understanding the Bible literally to literarily by exploring the poetry, parables, and visual images found in God's Word. Weaving historical insight, pop culture, and personal narrative throughout, *Godawa* reveals the importance God places on imagination and creativity in the Scriptures and provides a biblical foundation for Christians to pursue imagination, beauty, wonder, and mystery in their faith. For any Christian who wants to learn how to communicate and defend the Gospel in a postmodern context, this book will help you find a path between the two extremes of intellectualized faith and anti-intellectual faith by recovering a biblical balance between intellect and imagination.

Making Good Trevor A. Hart, 2014. God spoke and all that is and all that ever will be came into existence. God alone can be called uncreated and Creator, and creation can only accomplish that which already exists within God's imagination. In *Making Good*, Trevor Hart argues that human creativity is always a matter of unfolding the possibilities already latent within the original creative event. *Making Good* contends that while humans must acknowledge the unique and incomparable dimensions of God's creative activity, the biblical theology of creation encourages rather than prohibits human creativity within a language of creation. Hart's basic contention is that the God known as the Father of Jesus Christ is no domineering deity who jealously seeks to protect his creative prerogatives but one whose own creativity calls forth, inspires, and enables creative responses on the part of his human creatures. *Making Good* blends biblical, historical, and systematic theology into conversation with philosophy, aesthetics, and developments in creative theory among the social sciences. Hart renders a theological account of human artistry and the wider human activities of making good.

From the beginning of time God endowed people with His creative power intending for them to rule and steward over all the earth But Satan once heaven s most beautiful and creative angel convinced Adam and Eve that the fruit from the Tree of the Knowledge of Good and Evil would give them a power that they already had The moment that they ate the fruit they handed their authority over to Satan Oppression ruled the world instead of the luminosity of heaven s pattern advancing through the planet creeping darkness took hold The enemy knows the highly effective powers of creativity all too well Despite being cut off from its divine origin he uses it with vigor to effectively communicate his counterfeit and repetitive message across the world Creative Fusion follows the interlinking tabernacle pattern of God laid out from Genesis through Revelation to provide Christians with the answers to reclaim the Lord s creative energy and His DNA that He placed within us Author Charity Bowman Webb wants readers to discover the magnificent wisdom in Scripture that will help them influence every area of society and harvest souls for God s kingdom **God and Religion in the Postmodern World** David Ray Griffin,1989-01-01
