Creator From Religious To Spiritual:

Creator Mimi Hitselberger, 1999 Religion & Spirituality Stephen R. Honeygosky, 2006 I m spiritual but not religious This is a phrase that is heard more and more lately The purpose of this book and of the symposium out of which it grew is to repair the perceived dichotomy between religion and spirituality The ten contributors here believe and argue that there is more to religion than structure rules and rituals and there is more to spirituality than individualism and disconnection According to editor and contributor Stephen Honeygosky religion too often presumes spirituality and spirituality just as often dismisses religion Each camp takes to the high ground of disconnection and mutual exclusion he says but they should be meeting on the plain where real conversation and communion foster compatibility and mutual growth In fact religion and spirituality need each other alone each is incomplete The book explores how the split between religion and spirituality occurred over the past few centuries and verifies how the situation is clearly evident today especially with young adults Contributors include Richard Rohr OFM Demetrius Dumm OSB Camille DeBlasi Barbara Fiant SNDdeN Carl Arico Anthony Bosco Roberta Campbell OSB Vernon Holtz OSB Arthur Schwartz and Stephen Honeygosky Book jacket *Religion, spirituality and the social sciences* Basia Spalek, Alia Imtoul, 2008-09-03 A growing number of people are claiming or reclaiming a religious or spiritual identity for themselves Yet in contemporary Western societies the frameworks of understanding that have developed within the social science disciplines and which are used to analyse data are secular in nature and so may be inappropriate for investigating some aspects of religion spirituality and faith and how these intersect with individuals lives This edited collection addresses important theoretical and methodological issues to explore ways of engaging with religion and spirituality when carrying out social science research Divided into three sections the book examines the notion of secularism in relation to contemporary western society including a focus upon secularisation explores how the values underpinning social scientific enquiry might serve to marginalise religion and spirituality and reflects on social science research methodologies when researching religion and spirituality With international contributions from key academics in the fields of religious studies cultural studies political science criminology sociology health and social policy this engaging book will provide social science students educators researchers and practitioners with an essential overview of key debates around secularism faith spirituality and social science research **Religion, Spirituality, and Positive Psychology** Thomas G. Plante Ph.D., 2012-07-19 A multidisciplinary team of scholars shows how spiritual and religious practices actually do power psychological physical and social benefits producing stronger individuals and healthier societies In recent years scholars from an array of disciplines applied cutting edge research techniques to determining the effects of faith Religion Spirituality and Positive Psychology Understanding the Psychological Fruits of Faith brings those scholars together to share what they learned Through their thoughtful evidence based reflections this insightful book demonstrates the positive benefits of spiritual and religious engagement both for individual practitioners and for society as a whole The

book covers Buddhism Christianity Islam Judaism and other major traditions across culture in two sections The first focuses on ways in which religious and spiritual engagement improves psychological and behavioral health The second highlights the application of this knowledge to physical psychological and social problems Each chapter focuses on a spiritual fruit among them humility hope tolerance gratitude forgiveness better health and recovery from disease or addiction explaining how the fruit is planted and why faith helps it flourish *A Dictionary of Religious and Spiritual Quotations* Geoffrey Parrinder,1990
