Credible Signs of Christ Alive John P. Hogan, 2003-07-22 This accessible and stirring book not only introduces readers to the work of the Catholic Campaign for Human Development CCHD the domestic antipoverty and social justice program sponsored by the United States Conference of Catholic Bishops but also inspires us to service With John P Hogan as our guide we are invited to walk with those who serve and those who are served in confronting the daily reality of poverty as well as the root causes and structures that cause it Written with the skill of a journalist and the passion of a social justice reformer Credible Signs of Christ Alive highlights six exemplary CCHD funded projects that represent successful joint efforts between the working poor including whites African Americans Latin Americans and a variety of immigrant groups including Africans Asians Hispanics and Russians and the non poor Complete with case studies reflection questions suggested actions contacts and optional further reading this book tells the story behind the poverty statistics mines the hope behind the headlines and makes real the power of faith to transform the world

Living Justice Thomas Massaro, 2011-10-16 For over a decade Living Justice has introduced readers to Catholic social teaching Grounded in scripture theology reason and experience these faith based principles for promoting justice and peace in modern society have inspired a remarkable burst of social activism in recent decades The second classroom edition has been revised and updated throughout while maintaining the book s accessible introduction to both the foundations of Catholic social teaching and social justice in the world today Living Justice leads readers step by step through the building blocks of Catholic social thought including its central themes sources and methods Along the way readers encounter great heroes of social change and prophets of peace and justice Key updates to the second classroom edition include further reflection on the use of the just war theory in light of events in Iraq and Afghanistan the revival of terrorist threats the papacy of Benedict XVI the social encyclical Caritas in Veritate the recent financial crisis business ethics today and ongoing environmental concerns With its helpful resources including discussion questions and an annotated list of print and web resources on Catholic social teaching Living Justice remains a perfect text for courses on social justice

A Place at the Table Judith Ann Brady, 2007-10 It s one thing to say that we believe in justice for all but quite another to actively seek social justice for the poor in our midst After extensive research the author is convinced that a huge gap exists between talking about justice and actually doing justice for the poor She believes that achieving justice for all requires a deep and broad approach that involves the integration of Catholic social teaching with Scripture and Tradition so that charity and justice actually become social justice Only when people every race nationality class and religion are educated for justice built on respect for the person and the responsibility of individuals and the community will we in the U S be able to cut through the rhetoric of blame and move toward solidarity
