Follett, 2000-11-30 Following the abolition of the British slave trade in 1807 a group of politicians began to agitate for reform of England's bloody code of criminal statutes This examines the politics and propaganda of criminal law reform from 1808 to the Whig succession to power in 1830

*Women and Violent Crime in Enlightenment Scotland* Anne-Marie Kilday, 2015 A complete reappraisal of the scale and significance of female criminality in a period of major legislative changes This book offers important new insights into the relationship between crime and gender in Scotland during the Enlightenment period Against the backdrop of significant legislative changes that fundamentally altered the face of Scots law Anne Marie Kilday examines contemporary attitudes towards serious offences against the person committed by women She draws particularly on rich and varied court records to explore female criminality and judicial responses to it in the eighteenth and early nineteenth centuries Through a series of case studies of homicide infanticide assault popular disturbances and robbery she argues that Scottish women were more predisposed to violence than their counterparts south of the border and considers how this relates to the contemporary drive to civilise popular behaviour and to promote a more ordered society The book thus challenges conventional feminist interpretations that see women principally as the victims of male controlled economies institutions and power structures and calls for a major re evaluation of the scope and significance of female criminality in this era It will be of interest to scholars students and those interested in the fields of gender studies social history and the history of crime ANNE MARIE KILDAY is Pro Vice Chancellor and Dean of the Faculty of Humanities and Social Sciences and Professor of Criminal History at Oxford Brookes University

cruelty and shame while offering challenging new perspectives on the timing of the decline of public punishment the rise of imprisonment and reforms of the capital code     The Routledge Handbook of Qualitative Criminology Heith Copes,J. Mitchell Miller,2015-03-02 Despite illustrious origins dating to the 1920s qualitative crime research has long been overshadowed by quantitative inquiry After decades of limited use there has been a notable resurgence in crime ethnography naturalistic inquiry and related forms of fieldwork addressing crime and related social control efforts The Routledge Handbook of Qualitative Criminology signals this momentum as the first major reference work dedicated to crime ethnography and related fieldwork orientations Synthesizing the foremost topics and issues in qualitative criminology into a single definitive work the Handbook provides a first look reference source for scholars and students alike The collection features twenty original chapters on leading qualitative crime research strategies the complexities of collecting and analyzing qualitative data and the ethical propriety of researching active criminals and incarcerated offenders Contributions from both established luminaries and talented emerging scholars highlight the traditions and emerging trends in qualitative criminology through authoritative overviews and lived experience examples Comprehensive and current The Routledge Handbook of Qualitative Criminology promises to be a sound reference source for academics students and practitioners as ethnography and fieldwork realize continued growth throughout the 21st Century     *Richard Marsh* Minna Vuohelainen,2015-08-26 Richard Marsh Richard Bernard Heldmann 1857 1915 was a bestselling versatile and prolific author of gothic crime adventure romantic and comic fiction This book the first on Marsh establishes his credentials as a significant agent within the fin de si cle gothic revival Marsh s work spans a range of gothic modes including the canonical fin de si cle subgenres of urban and imperial gothic and gothic inflected sensation and supernatural fiction but also rarer hybrid genres such as the comic gothic and the occult romance His greatest success came in 1897 when he published his bestselling invasion narrative *The Beetle A Mystery* a novel that articulated many of the key themes of fin de si cle urban gothic and outsold its close rival Bram Stoker s *Dracula* well into the twentieth century The present work extends studies of Marsh s literary production beyond *The Beetle* contending that in addition to his undoubted interest in non normative gender and ethnic identities Marsh was a writer with an acute sense of spatiality whose fiction can be read productively through the lens of spatial theory     Forced Migration in the Spanish Pacific World Eva Maria Mehl,2016-07-11 An exploration of the deportation of Mexican military recruits and vagrants to the Philippines between 1765 and 1811     **Public Execution in England, 1573-1868** Leigh Yetter,2009     *An Historical Atlas of Kent* Terence Lawson,David Killingray,2004 Kent can probably claim to have more unique features in its history than most other counties all fully reflected in this Atlas The Cathedral at Canterbury with its medieval shrine to St Thomas Becket requires the general subject of pilgrimage to be covered in detail the Cinque Ports the echoes of their ancient privileges still apparent by the early 19th century are another Kentish phenomenon Romney Marsh although not quite the separate continent that some claim is nevertheless well worthy of

the detailed account of its medieval history Kent's perennial role as a gateway is perfectly illustrated by the Strangers from the near Continent who settled widely here in the 16th and 17th centuries Kent's industrial history is dominated by the unique concentration of royal dockyards while the story of Kent's coalfield isolated from its cousins in the North and Midlands is yet another remarkable chapter Finally being located between the Capital and the shortest crossing to the Continent Kent's relationship with London has been exceptionally close since medieval times and is a recurring theme in this Atlas This comprehensive new Historical Atlas based on current research fills a notable gap in the published histories of the County and will serve for many years as an important work of reference for the history of Kent The 250 newly drawn and reader friendly maps cover topics ranging from the earliest Stone Age occupation to such modern developments as the growth of leisure industries Several topics not usually covered in county historical atlases are included for example the introduction of public water and gas supplies in the 19th century together with the expansion of banking services and the local press Virtually every aspect of Kent's history is clearly mapped and explained in this new work Though Kent has seen much in its time it has never before seen a book like this which will be welcomed well beyond the Kentish borders

**Book Jacket** Journal of the Royal Australian Historical Society Royal Australian Historical Society, 2001 Includes the Society's Annual report and statement of accounts Society and Circulation Claude Markovits, Jacques Pouchepadass, Sanjay Subrahmanyam, 2006 The idea of an eternal India based on stable and unchanging villages has been in disarray for at least two decades However having demolished this myth historians have been rather less able to construct an alternative vision This volume sets out to do just that using the idea of circulation in relation to South Asia in the colonial period It comprises a set of complementary essays which deal with merchant circulation pilgrimages cartography policing labor mobility and the movement of itinerant groups from colonial administrators to wandering bards demonstrating that the South Asia of this period was made and remade by changing patterns and the logic of circulation Once this perspective is integrated into the analysis of society new and disturbing questions emerge on issues such as culture identity and ethnogenesis which are normally treated in the context of fixed and stable societies The essays in this volume written by some of the leading authorities in South Asian history break new ground in suggesting the outlines of a different framework for historical analysis This volume will interest not only South Asianists but also those interested in historical method as well as wider comparative perspectives on early modern and contemporary history

Keough, 2008 In The Slender Thread Irish Women on the Southern Avalon 1750-1860 Willeen Keough explores the lives of Irish Newfoundland women who cofounded fishing communities along the southern Avalon Peninsula in the eighteenth and nineteenth centuries Using gender as a category of analysis refracted through the lenses of ethnicity and class Keough concentrates on the female dynamics of immigration and

community formation attempting to discern the meanings that women ascribed to their experiences and the understandings of Irish Newfoundland womanhood that were constructed within this New World environment Keough layers her evidence interweaving traditional and nontraditional sources to re create the everyday world of these Irish Newfoundland women She embraces a technique of overlay and interplay and invites the reader to move between layers of information that create a vivid impression of the whole BOOK JACKET     The Irish Policeman, 1822-1922 Elizabeth Malcolm,2006 This book analyzes the working and domestic lives of the nearly 90 000 men who served in the Irish police between the establishment of a national constabulary in 1822 and the disbandment of the Royal Irish Constabulary in 1922 It is constructed as a collective biography tracing the lives and careers of policemen from birth to death The book draws upon a wide range of sources some never used before They include the results of the analysis of a random sample of 8 000 officers and men unpublished police memoirs and other personal documents and the letters of some 200 descendants of policemen For over a century the Constabulary was the most powerful arm of British government in Ireland yet after the Famine its members were overwhelmingly Catholic nationalists The book considers how such men reconciled their Irish nationalism with their work for the British state and how their children and grandchildren dealt with being the descendants of policemen     Recent Acquisitions Ohio State University.
