Crime And Behaviour: An Introduction To Criminal And Forensic Psychology Majeed Khader, 2019-06-24 Crime and Behaviour: An Introduction to Criminal and Forensic Psychology is the first textbook to provide a detailed overview of criminal psychology in Singapore. The textbook puts together ideas relating to crime, crime prevention and criminal psychology as it occurs in the Singaporean context. While leveraging on psychology as an anchor, the book adopts a multidisciplinary perspective and examines the forensic sciences angle, legal issues and the investigative perspectives of crimes. The chapters cover criminal justice agencies in Singapore, theories of crime, deception and lying behaviors, sex crimes, violent crimes, crime prevention, terrorism and psychology applied in legal settings. Each chapter contains case studies of actual cases and ends with questions for discussion and research, making this a valuable text for courses in university and in law enforcement settings. This textbook has several unique features such as:

Application of Criminal Psychology in Different Types of Crimes Anne Wade, 2020-11 The book Application of Criminal Psychology in Different Types of Crime discusses how criminal psychologists examine criminals such as robbers, rapists, white collar criminals and identity thieves, especially their thoughts, intentions and motives, reactions, emotions and feelings when individuals engage in these criminal acts. The purpose of this book is determining why an offender commits a crime from the

time the criminal decision was made to the time the person appeared in court The book emphasizes that effective criminal psychologists will use their knowledge to help find and capture criminals thus ensuring the world is safe for everyone This book mentions that criminal psychology is a niche profession in the field of psychology in which psychologists hold various positions including working with law enforcers to determine the profile of people who may have committed a particular crime and giving their opinion in court where they describe the mental state of the offender or work directly with the captured offender to catch others in their criminal network This book explains how criminal psychologists understand the inner mechanisms of the human mind and brain And apply their accumulated knowledge and professional training to evaluate a person s mental and physical state by studying the person and talking with them
