Criminal Law and Its Administration Fred Edward Inbau, 1990 Criminal Law Its Administration is designed specifically for criminal justice courses sequences of courses covering both substantive procedural criminal law It uses the casebook method of instruction It affords the opportunity for discussions as to the wisdom of the law as it now exists the direction into which it may or should be headed Materials are presented in three parts substantive criminal law basic concepts regarding proof of guilt legal limitations upon law enforcement practices *Law and the Administration of Justice* Vernon Rich, 1975 Law and Its Administration Harlan Fiske Stone, 1915 It was the purpose of these lectures to discuss before a lay audience some of the more fundamental notions which underlie our legal system and thus by aiding a better understanding and possibly removing some popular misconceptions of law and lawyers to contribute to the cause of good citizenship The nature of the undertaking precluded any elaborate or technical consideration of the subject and its thorough and scientific treatment was necessarily sacrificed to the requirements of the popular lecture The subject matter of these lectures is familiar to most lawyers and law students It is not expected therefore that professional readers will find originality or novelty either in their substance or in the manner of their presentation To the layman it is hoped that they may prove to be of some service in leading to a more just appreciation of the true nature and significance of law and of the difficulties as well as the importance of its efficient administration Foreword
