Criminology An Introduction Using Explorit:

Criminology Steven F. Messner, Rodney Stark, 1999 This best selling workbook will have introductory students doing real criminological research within minutes The software and data sets for CRIMINOLOGY 4th are fully updated and the new co author Steven Messner has rewritten all the student exercises This edition contains more theory more active learning and more application to everyday events *Criminology* Steven F. Messner, Rodney Stark, 1999 *Crime and Social Control in a Changing China* Jianhong Liu, Lening Zhang, Steven F. Messner, 2001-08-30 This important edited collection of articles by both Chinese and American scholars attempts to promote a more accurate and in depth understanding of crime and social control in China as it undergoes significant cultural economic and social change The editors contend that as the economic system has been transformed many other social institutions in China have also experienced unprecedented changes including legal institutions and other organizations responsible for social control The essays focus on crime in China and summarize the major structural changes in Chinese society and their effects on crime and justice over the last ten to fifteen years offer an overview of Chinese perspectives on crime examine socio economic changes and their impact on social control and discuss changes in adults and children s courts and the new changes in Chinese policing in Chinese society Organized into four parts this work addresses the nature extent and special features of crime and delinquency in China under conditions of social change It also investigates the question of the social correlation of changing patterns of crime The impact of social transition on the changes in the grassroots level of social control is also discussed Chinese law and criminal justice with particular focus on the courts police and crime prevention are mentioned as well This unique collection of essays is a timely and significant contribution to the fields of comparative criminology social control Chinese studies and legal studies *Crime and the Economy* Richard Rosenfeld, Steven F Messner, 2013-03-13 In this unique and timely book two of the world s leading criminologists explore the connections between crime and economic conditions The authors skilfully draw on influential criminological theories to formulate an original institutional perspective This perspective sheds light on the complex ways in which levels and forms of crime reflect the structure and functioning of the economy in advanced capitalist societies The book offers a readable interesting and accessible analysis addressing an array of different criminal activities including violent crime drug crime white collar crime organised crime fraud corporate crime Crime and the Economy is written with clarity and flair Technical terms where used are fully explained relevant examples punctuate the discussion and key points are supported by graphs and diagrams It is essential reading for undergraduates graduate students and academics in criminology and sociology Compact Criminology is an exciting series that invigorates and challenges the international field of criminology Books in the series are short authoritative innovative assessments of emerging issues in criminology and criminal justice offering critical accessible introductions to important topics They take a global rather than a narrowly national approach Eminently readable and first rate in quality each book is written by a leading specialist Compact Criminology

provides a new type of tool for teaching learning and research one that is flexible and light on its feet The series addresses fundamental needs in the growing and increasingly differentiated field of criminology **Spatially Integrated Social Science** Michael F. Goodchild, Donald G. Janelle, 2004-01-15 Spatial analysis assists theoretical understanding and empirical testing in the social sciences and rapidly expanding applications of geographic information technologies have advanced the spatial data gathering needed for spatial analysis and model making This much needed volume covers outstanding examples of spatial thinking in the social sciences with each chapter showing some aspect of how certain social processes can be understood by analyzing their spatial context The audience for this work is as trans disciplinary as its authorship because it contains approaches and methodologies useful to geography anthropology history political science economics criminology sociology and statistics **International Handbook of Violence Research** Wilhelm Heitmeyer, John Hagan, 2005-08-12 An international manual is like a world cruise a once in a lifetime experience All the more reason to consider carefully whether it is necessary This can hardly be the case if previous research in the selected field has already been the subject of an earlier review or even several competing surveys On the other hand more thorough study is necessary if the intensity and scope of research are increasing without comprehensive assessments That was the situation in Western societies when work began on this project in the summer of 1998 It was then too that the challenges emerged any manual especially an international one is a very special type of text which is anything but routine It calls for a special effort the state of the art has to be documented for selected subject areas and its presentation made as compelling as possible The editors were delighted therefore by the cooperation and commitment shown by the eighty one contributors from ten countries who were recruited to write on the sixty two different topics by the constructive way in which any requests for changes were dealt with and by the patient response to our many queries This volume is the result of a long process It began with the first drafts outlining the structure of the work which were submitted to various distinguished colleagues Friedhelm Neidhardt of Berlin Gertrud Nunner Winkler of Munich and Roland Eckert of Trier to name only a few supplied valuable comments at this stage **The Emergence of a New Urban China** Zai Liang, 2012-02-16 This book provides first hand insiders perspectives on urban issues in China aiming to provide a theoretically informed and empirically rich discussion of the new social landscape of urban China in the 21st century The research reported encompasses both quantitative and qualitative methodologies with the latter based on extensive and in depth fieldwork The authors most of them being native Chinese had distinctive advantages in gaining access to study subjects and had intimate knowledge of the locations and people they studied The book s primary geographical focus is on southern China especially Guangdong province This region is in the forefront of China s transition to a market economy and therefore constitutes an ideal social laboratory to study the key urban issues that have emerged in the last two decades Combining ethnographic research along with survey based quantitative analysis this volume will appeal to students of urban issues in contemporary China and it will generate important and fresh empirical and theoretical insights for the broader

scholarly communities of area studies urban studies and urban sociology It will also serve as a useful text for graduate courses and advanced undergraduate courses on China and urban sociology

The American System of Criminal Justice George F. Cole, Christopher E. Smith, 2004 This classic best seller commonly referred to as The Eagle encourages students to become better citizens to determine what Justice means in our society and what role individuals play This text examines criminal justice as an interdisciplinary endeavor sharing elements from criminology sociology law history psychology and political science It challenges students to balance the mechanics and system of criminal justice with the human side of the story Cole and Smith present an exciting and relevant introduction to the field of criminal justice The text combines solid research and intellectual rigor in an approachable manner with detailed attention to current and compelling events to help students appreciate the many aspects of the discipline and how they can participate in the system as citizens of the United States
