The New Nomads Felix Marquardt, 2021-07-08 We have lost the plot when it comes to migration In our collective consciousness the term migration conjures up images of hordes of refugees fleeing their country escaping on rafts and coming to invade ours When we think of migration we think of largely unwanted immigration and its ills We ve got it all wrong Far from being abnormal the act of going in search of a better life is at the core of the human experience And now a new kind of nomad is emerging What used to be a movement largely from east to west south to north developing to developed country is becoming more of a multilateral phenomenon with each passing day Young people from everywhere are moving everywhere Or rather they are moving to where they expect to improve their lives and are turning the world into a beauty contest of cities and regions and

companies vying to attract them They are doing so because movement has become a key to their emancipation After centuries of becoming sedentary the future of humanity and the key to its enlightenment in the 21st century lies in re embracing nomadism Migration fosters the qualities that will allow our children to flourish and succeed Our times require more migration not less Part memoir part generational manifesto The New Nomad is both the chronicle of this revolution and a call to embrace it

The ENFP Calling Dan Johnston, 2023-08-30 The ENFP Calling Defy The Zombie Robots and Create Your Life of Freedom Fun and Fulfillment I grew up in a society that values punctuality order and steadfastness as personal traits I m an ENFP Naturally as you might imagine this posed a bit of a problem From my early days I was bombarded with advice incompatible with my personality type Highlights include The why doesn t matter Just do it because you have to The outcome doesn t matter it is about the process and structure You need to learn to slow down and just stick to one thing Being tired of such struggles I became a massive consumer of personal development self help and psychology books as I enjoyed my 20s While I learnt a tremendous amount during this time I ran into one striking problem Much of the advice I consumed was written by and for someone with a radically different personality than my own For example a productivity book like Getting Things Done written by David Allen an ISTJ or a business book written by Jack Welch ENTJ This lead me on a journey that eventually ended with me coaching ENFPs from around the world for over a decade now In doing so I ve been able to discover what sets us apart beyond culture and what our universal strengths and needs really are I wrote this book from the mindset of If I was flying to New Zealand and sat beside an ENFP I d never see again what would I share with them during the flight When you read The ENFP Calling you re going to find answers to big questions like What is my purpose What am I supposed to be doing with my life Can I ever be happy with just one career How do I need to live so I can look back with no regrets You ll also get insights on other important life questions such as Am I with the right person What kind of relationship will empower me to reach my potential How can I feel healthier energized and focused without losing my freedom What else will you be getting when you read The ENFP Calling ENFP Career and Entrepreneurial Advice Why every ENFP should replace career for calling in their vocabulary The difference between fear and the feelings that are actually normal whenever you start something new The 4 things every ENFP needs to be happy and successful in their job AI the future and how ENFPs will fare it is VERY good news A guide to the best industries and careers for us Campaigners Dating Relationships The mistake every ENFP guy makes when it comes to dating and what to do instead The relationship trap many ENFP women fall into it happens when they re going through a tough time Are ENFPs even wired for Monogamy Yeah I go there ENFP Health Family and Mindset Advice ENFP best practices to feel healthy energized and focused Why following your heart is actually the most left brain move ever How to believe in yourself and move forward when friends or family doubt you Why trying to be another type or conform to external expectations is a guarantee of burnout and depression A mindset of self acceptance and love that will fill you with energy and propel you to action Read The ENFP Calling today and learn what has worked and what
