Cheap How To Get Brand Deals For Bloggers:

(Not) Getting Paid to Do What You Love Brooke Erin Duffy, 2017-06-27 An illuminating investigation into a class of enterprising women aspiring to make it in the social media economy but often finding only unpaid work. Profound transformations in our digital society have brought many enterprising women to social media platforms from blogs to YouTube to Instagram in hopes of channeling their talents into fulfilling careers. In this eye-opening book, Brooke Erin Duffy draws much needed attention to the gap between the handful who find lucrative careers and the rest whose passion projects amount to free work for corporate brands. Drawing on interviews and fieldwork, Duffy offers fascinating insights into the work and lives of fashion bloggers, beauty vloggers, and designers. She connects the activities of these women to larger shifts in unpaid and gendered labor, offering a lens through which to understand, anticipate, and critique broader transformations in the creative economy. At a moment when social media offer the rousing assurance that anyone can make it and stand out among freelancers, temps, and gig workers, Duffy asks us all to consider the stakes of not getting paid to do what you love.

Minh-Ha T. Pham, 2022-08-08 In 2016, social media users in Thailand called out the Paris-based luxury fashion house Balenciaga for copying the popular Thai rainbow bag using Balenciaga's hashtags to circulate memes revealing the source of the bag's design. In *Why We Can't Have Nice Things*, Minh-Ha T. Pham examines the way social media users monitor the fashion market for the appearance of knockoff fashion, design theft, and plagiarism. Tracing the history of fashion antipiracy efforts back to the 1930s, she foregrounds the work of policing that has been tacitly outsourced to social media. Despite the social media concern for ethical fashion and consumption and the good intentions behind design policing, Pham shows that it has ironically deepened forms of social and market inequality as it relies on and reinforces racist and colonial norms and ideas about what constitutes copying and what counts as creativity. These struggles over ethical fashion and intellectual property, Pham demonstrates, constitute deeper struggles over the colonial legacies of cultural property in digital and global economies.
