Dunn, 1983 The Politics of Urban Development Clarence Nathan Stone, Heywood T. Sanders, 1987 In the past twenty years the study of urban politics has shifted from a predominant concern with political culture and ethos to a preoccupation with political economy particularly that of urban development Urban scholars have come to recognize that cities are shaped by forces beyond their boundaries From that focus have emerged the views that cities are clearly engaged in economic competition that market processes are shaped by national policy decisions sometimes intentionally and sometimes inadvertently and that the costs and benefits of economic growth are unevenly distributed But what else needs to be said about the policies and politics of urban development To supplement prevailing theories The Politics of Urban Development argues that the role of local actors in making development decisions merits closer study Whatever the structural constraints politics still matters Collectively the essays provide ample evidence that local government officials and other community actors do not simply follow the imperatives that derive from the national political economy they are able to assert a significant degree of influence over the shared destiny of an urban population The impact of the collection is to heighten awareness of local political practices and of how and why they make a difference **Symposium on Corrections Policy**, 1982 Correctional Assessment, Casework, and Counseling Anthony Walsh, 1997 This edition covers practical interviewing and counseling skills including how to adapt counseling theories to community or institutional corrections and how to supervise the alcoholic drug addict sex offender schizophrenic and mentally immature client Sample case materials such as presentence reports sentencing guidelines classification scales and risk and needs scales give readers an understanding of the actual assessment process An instructor s manual is available with the purchase of 10 or more books **Federal Probation**, 1983 **The Judicial Process** Henry Julian Abraham, 1986 Written by one of the nation s most astute observers of the court this classic text examines the theory practice and people behind the judicial process The new seventh edition brings the work completely up to date by examining

important developments and structural changes in these three judicial systems up through the end of 1997 including judicial appointments during the Bush and Clinton administrations significant alterations in the structure and organization of the United States British French and other European courts with an emphasis on the ongoing changes in the judiciary of the United Kingdom and the collateral developments on the frontiers of judicial review procedures as well as the judicial role At once comparative expository analytical and evaluative this new edition of *The Judicial Process* illuminates even more vividly the judiciary's political legal and governmental roles examining closely that much debated but little understood line between judicial activism and judicial restraint **In Russian and French Prisons** Petr Alekseevich Kropotkin (kni'a z'), 1887

Policy Evaluation ,2000 **An Analysis of the Rehabilitation Model of the Genesee County Jail as a Case Study in Public Administration** Lucille Bigelow, 1983 *Whitaker's Cumulative Book List* ,1983 **Current Law Index** ,1985
American Corrections Todd R. Clear, George F. Cole, 1990 In the second edition of this introductory text the authors offer the idea of the corrections system to enhance understanding of the complexity of corrections Students become aware that there are not just prisons but a wide variety of programs and methods to deal with offenders **Plea Bargaining and Proposition 8 Politics** Candace Sue McCoy, 1987 **The Criminal Justice Periodical Index** ,1984 **NIJ Reports** ,1983 **The Michigan Community Corrections Act** D.
