photographers and editors illustrate fatalities it often raises questions about how they distinguish between a fit and unfit image of death *Death Makes the News* is the story of this controversial news practice picturing the dead Jessica Fishman uncovers the surprising editorial and political forces that structure how the news and media cover death The patterns are striking overturning long held assumptions about which deaths are newsworthy and raising fundamental questions about the role that news images play in our society In a look behind the curtain of newsrooms Fishman observes editors and photojournalists from different types of organizations as they deliberate over which images of death make the cut and why She also investigates over 30 years of photojournalism in the tabloid and patrician press to establish when the dead are shown and whose dead body is most newsworthy illustrating her findings with high profile news events including recent plane crashes earthquakes hurricanes homicides political unrest and war time attacks *Death Makes the News* reveals that much of what we think we know about the news is wrong while the patrician press claims that they do not show dead bodies they are actually more likely than the tabloid press to show them even though the tabloids actually claim to have no qualms showing these bodies Dead foreigners are more likely to be shown than American bodies At the same time there are other unexpected but vivid patterns that offer insight into persistent editorial forces that routinely structure news coverage of death An original view on the depiction of dead bodies in the media *Death Makes the News* opens up new ways of thinking about how death is portrayed *Billboard* ,1995-08-26 In its 114th year *Billboard* remains the world's premier weekly music publication and a diverse digital events brand content and data licensing platform *Billboard* publishes the most trusted charts and offers unrivaled reporting about the latest music video gaming media digital and mobile entertainment issues and trends
