Free Traffic

Franch Scandolera, 2025-08-27. Do you want more visitors to your website but don't have the budget for Google Ads or Facebook Ads? No problem, we can do without. That's exactly why I wrote this practical guide. Today, focusing on acquiring free traffic is the best way to build a solid and sustainable online business. I offer you a multitude of techniques, some simple, others more advanced, to generate traffic to a site without an Ads budget. In this practical guide, I share with you all the strategies that really work, step by step, to increase the visibility of your website, e-commerce site, or sales funnel. This book answers a simple question: how to generate thousands of visitors without an advertising budget. You'll find precise methods to use natural search engine optimization (SEO) and attract a steady stream of visitors thanks to Google. Optimize your visibility in AI search engines: Google AI Overview, ChatGPT, Perplexity, using GEO (Generative Engine Optimization) and AEO (Answer Engine Optimization). Create content that attracts people over the long term: evergreen articles, videos, free tools, engaging posts. Intelligently use social media and online communities to reach new audiences. Implement sustainable and automated actions to increase your exposure without spending all your time on it. What you'll gain by applying these strategies: growing and stable traffic which doesn't disappear as soon as you stop paying; true independence from advertising platforms; cumulative visibility which grows over the months and years; stability in the face of algorithmic variations in traffic sources. This book is not for sale, no miracle. It's a practical guide without bullshit or "we just have to" theory. It gives you a clear method that you can apply at your own pace. Each strategy is explained so that it can be put into practice, even if you're not a technical expert.

Who is this book for? Freelancers who want to attract visitors without ads. Content creators looking to build a loyal audience. Entrepreneurs and e-commerce businesses who want to increase their visibility for free. Anyone who wants to understand the new rules of online traffic acquisition.
