**Introvert's Life War Strategy** Aryeh Ksah,2019-06-18 Use This Guidebook To Pave Your Way To Be The King Of Your

Life is as easy or difficult as you make it. However, there are certain cases when societal norms, culture, and traditions make life more difficult for you. Such is the case with introverts. When a culture largely leans towards extroversion and deems it to be the better kind, introverts are likely to feel inferior and at war with the rest of the world. In the world, it is unfortunately assumed that introverts are incompetent at doing things as well as the extroverts are incapable of being around people, are not confident at all, and lack the skills and talent to do tasks that require socialization and most importantly, that they cannot be good leaders. The ideal woman in the culture is always the one who is an extrovert and is portrayed as a charismatic, beautiful, attractive woman, whereas the Hollywood introvert is always portrayed as the awkward one. This is why introverts feel as if this life is a war for them; for they have to constantly struggle and battle to prove their worth. While introverts are portrayed as being inferior to extroverts, what many of us don't know is that they are extremely intelligent, shrewd, intellectual, creative, and charismatic. I understand that being an introvert, you do not always like to be around people as you find more solace in your own company and in that of your close loved ones. However, life as said above is a battle, and you have to fight this war. Uncover The Holy Revelations Contain In This Book That Will Keep You Unbeatable In Every Merciless Life's Wars.
