Handbook of Research on Student-Centered Strategies in Online Adult Learning Environments Fitzgerald, Carlton J., Laurian-Fitzgerald, Simona, Popa, Carmen, 2018-06-08 As traditional classroom settings are transitioning to online environments teachers now face the challenge of using this medium to promote effective learning strategies especially when teaching older age groups Because adult learners bring a different set of understandings and skills to education than younger students such as more job and life experiences the one size fits all approach to teaching does not work thus pushing educators to create a student centered approach for each learner The Handbook of Research on Student Centered Strategies in Online Adult Learning Environments is an important resource providing readers with multiple perspectives to approach issues often associated with adult learners in an online environment This publication highlights current research on topics including but not limited to online competency based education nontraditional adult learners virtual classrooms in public universities and teacher training for online education This book is a vital reference for online trainers adult educators university administrators researchers and other academic professionals looking for emerging information on utilizing online classrooms and environments in student centered adult education

Academic Success in Online Programs Jacqueline S. Stephen, 2024-04-02 This book provides higher education students with a comprehensive resource to assist them in their academic persistence in an online course or program It addresses a wide selection of topics emphasizing a myriad of factors that impact a student s persistence and ultimate success in an online program or course The book helps students to gain insight into the skills knowledge and attributes needed to succeed in the autonomous nature of an online learning

environment Thus this book helps students to proactively engage in activities to prepare for online learning Information presented in each chapter is drawn from theory and recent research centered on persistence of online students in higher education It incorporates hands on practical activities to promote application of theory and research and encourages students to demonstrate their knowledge skills and abilities through the use of reflective and thought provoking activities Hence this book provides online students with an up to date resource they can use to develop an awareness of their readiness and preparedness for online learning Additionally this book equips students with information and strategies aimed at helping them to address gaps in their skills and knowledge that may present them with barriers to academic success The content of this book is aligned with widely used student learning outcomes and objectives of first year student seminar courses and orientation programs for graduate and undergraduate students enrolled in online programs Furthermore it is deliberately organized and structured to support an online student s academic journey as they navigate the online learning environment As such these features make it an ideal book for use by students instructors and academic advisors or college and university academic support staff
