Simple Newsletter Business Ideas For Millennials:

Reinvention Made Easy Jim Mathis, 2011-08-01 Change Your Strategy Change Your Results This isn't your average business motivational book. It's different. Jim Mathis, The Reinvention Strategist, doesn't soft step around the issues here. You are either down or you are different. You are either a loser or a leader, he says. You won't find a load of motivational platitudes that lift you higher. You won't find cute sayings that make you feel warm and fuzzy. What you will find is successful systems and processes to reinvent yourself in challenging economic times. Methods many others are implementing right now as you read this. *Reinvention Made Easy* is your personal and professional guide to knowing how to play the game and win. You will find stories of people and corporations that went all in and won the entire pot. You will recognize pitfalls to bypass and see the mistakes made by others and how to avoid them. In the end, you will know what strategies work for you and which don't. You will be different. Do you need this book? If you aren't aware of your responses to any of the questions raised in *Reinvention Made Easy*, you do. Is there a dinosaur in your room? Can building community at work save your organization? Are you punishing your customers for doing business with you? What are the 7 Sweatin Questions you need to ask your executive board? Why don't people buy what you think you sell? Do you see yourself as a loser or a leader in the new economy? The simple truths in this book can and will make you better. You may not agree with all of them, but you can't put it down without thinking about what you read inside. You can influence more people by what you learn from these pages than you could have ever imagined. You will see that reinvention is easy. Deciding to start it is the real test. Are you ready to be different? **Start Your Own Online Coupon or Daily Deal Business** Rich Mintzer, / Entrepreneur magazine, 2013-09-17 The online coupon and daily deal industries are booming as people from all socio-economic groups are seeking deals and discounts in these trying economic times. The experts at Entrepreneur deliver the startup details behind this hot opportunity and show eager entrepreneurs how to cash in on internet savvy savers. Unlike old school design your own coupon book titles, this book moves straight into computer technology and proceeds to the latest trend in couponing: apps which provide deals to mobile users in any location. Many daily deal businesses do not work to enhance the experience for their merchants. Readers, however, can learn how to do so. Experts in the industry are also included, such as Marc Horne, co-creator of Daily Deal Builder, who discusses what it takes to build a daily deal site. David Teichner, CEO of Yowza, who brought deal apps to iPhones, and several business owners who have tried their luck at running daily deal. They discuss what they have learned from the process. Currently, there are few, if any, other books on how to start a daily deal business, and the coupon books focus on how to use coupons and even on extreme couponing, but not on running an online coupon business. This is a unique title which provides those who enjoy offering deals and discounts to get started in an industry that is still growing. **Lena Dunham** Kaitlyn Duling, 2017-12-15 Lena Dunham is an actress, writer, producer, and director.
