Conservatism Revisited Peter Viereck,      **Conservatism Revisited** Peter Robert Edwin Viereck,2005

**Conservatism Revisited** Peter Robert Edwin Viereck,1950      *Conservatism Revisited* Peter Viereck,1978-07-11

Viereck examines the ethics and political philosophy of the New Conservatism and explains why this movement has in part deservedly failed      **Conservatism Revisited** Peter Viereck,1962      **History, Historians, and Conservatism in Britain and America** Reba Soffer,2009 Reba Soffer examines the subjects motives and origins of conservative historians who were also successful public intellectuals Providing a comprehensive account of the content context and consequences of conservative ideas Soffer explains their dominance in Britain and marginalization in America until the Reagan ascendancy

**Creating Conservatism** Michael J. Lee,2014-08-01 *Creating Conservatism* charts the vital role of canonical post World War II 1945 1964 books in generating guiding and sustaining conservatism as a political force in the United States Dedicated conservatives have argued for decades that the conservative movement was a product of print rather than a march a protest or a pivotal moment of persecution *The Road to Serfdom* Ideas Have Consequences *Witness The Conservative Mind* *God and Man at Yale* *The Conscience of a Conservative* and other mid century texts became influential not only among conservative office holders office seekers and well heeled donors but also at dinner tables school board meetings and neighborhood reading groups These books are remarkable both because they enumerated conservative political positions and because their memorable language demonstrated how to take those positions functioning in essence as debate handbooks Taking an expansive approach the author documents the wide influence of the conservative canon on traditionalist and libertarian conservatives By exploring the varied uses to which each founding text has been put from the Cold War to the culture wars *Creating Conservatism* generates original insights about the struggle over what it means to think and speak conservatively in America      *The Ideas That Made America: A Brief History* Jennifer Ratner-Rosenhagen,2019-01-03 Spanning a variety of disciplines from religion philosophy and political thought to cultural criticism social theory and the arts *The Ideas That Made America* A Brief History shows how ideas have been major forces in American history driving movements such as transcendentalism Social Darwinism conservatism and postmodernism      **Conservatives Against Capitalism** Peter Kolozi,2017-08-08 Few beliefs seem more fundamental to American conservatism than faith in the free market Yet throughout American history many of the major conservative intellectual and political figures have harbored deep misgivings about the unfettered market and its disruption of traditional values hierarchies and communities In *Conservatives Against Capitalism* Peter Kolozi traces the history of conservative skepticism about the influence of capitalism on politics culture and society Kolozi discusses conservative critiques of capitalism from its threat to the Southern way of life to its emasculating effects on American society to the dangers of free trade considering the positions of a wide ranging set of individuals including John Calhoun Theodore Roosevelt Russell Kirk Irving Kristol and Patrick J Buchanan He examines the ways in

which conservative thought went from outright opposition to capitalism to more muted critiques ultimately reconciling itself to the workings and ethos of the market By analyzing the unaddressed historical and present day tensions between capitalism and conservative values Kolozi shows that figures regarded as iconoclasts belong to a coherent tradition and he creates a vital new understanding of the American conservative pantheon      **Ideology and Utopia in the United States, 1956-1976** Irving Louis Horowitz,1977 Put on your hardhats and get to work at the construction site Nothing is too big for these heavy duty trucks to load and lift Read along and the building will be up in no time      **Russell Kirk and the Age of Ideology** W. Wesley McDonald,2004 In this study W Wesley McDonald examines those foundations and demonstrates their impact on the conservative intellectual movement that emerged in the 1950s and 1960s Kirk played a pivotal role in drawing conservatism away from the laissez faire principles of libertarianism and toward those of a traditional community grounded in a renewed appreciation of man s social and spiritual nature and the moral prerequisites of genuine liberty In a humane social order a community of spirit is fostered in which generations are bound together According to Kirk this link is achieved through moral and social norms that transcend the particularities of time and place and because they form the basis of genuine civilized existence can only be neglected at great peril These norms reflected in religious dogmas traditions humane letters social habit and custom and prescriptive institutions create the sources of the true community that is the final end of politics Russell Kirk and the Age of Ideology is particularly relevant because of the growing interest in Kirk s legacy and the current debate over the meaning of conservatism McDonald addresses both of those developments in the context of examining Kirk s thought attempting to correct some of the inadequacies contained in earlier studies that assess Kirk as a political thinker This book will serve as a significant contribution to the commentary on this fascinating figure BOOK JACKET Title Summary field provided by Blackwell North America Inc All Rights Reserved      **Ideology and Political Life** Kenneth R. Hoover,1994 This text familiarizes students with the basic ideologies of conservatism liberalism socialism feminism environmentalism and racial ideologies establishing the connections between these ideas and politics The author provides a clearly written accessible text on ideologies as they apply to American political experiences      Natural Law and Political Ideology in the Philosophy of Hegel Tony Burns,1996 This book has two themes The first is Hegel s attitude towards natural law The second is Hegel s relationship to the different political ideologies      **Conservatism Revisited** Peter Viereck,1950  
Poets & Writers ,2005      **The New Criterion** ,2006      *Current Biography Yearbook* ,2006      *The Philosopher's Index* ,2006 Vols for 1969 include a section of abstracts      **The Virginia Quarterly Review** ,2005      **Current Biography Yearbook** H.W. Wilson Company,2006
