Considering Woman:

Women's Quick Facts STEMconnector®, 2016-11-08 Women's Quick Facts is the indispensable resource on the status and contribution of women. The only resource of its kind, it is a book that will be highly sought after for multiple uses both in the US and globally. It is unique with more than 310 sources and resources cited. It is about the game changers: organizations, media entities, businesses, resource institutions, and women's associations, all driving towards progress. **The Awakening of Women** Frances Swiney, 1899 *Women, Their Lives, and the Law* Victoria Barnes, Nora Honkala, Sally Wheeler, 2023-12-14 This collection of essays honours Rosemary Auchmuty, Professor of Law at the University of Reading, UK. She has fostered the study of women's academic careers and more politically advanced progress on gender and equality issues, including same-sex marriage and property law. Her research promotes the case of feminist legal history as a way of revealing the place of women and challenging dominant historical narratives that cast them aside. Just as Rosemary's work does, the book seeks to end the marginalisation and exclusion of women in the legal world by including them. The book begins fittingly with a discussion of Miss Bebb, the woman whose biography Auchmuty deployed to push feminist legal history into the mainstream. It turns then to a discussion of women known and unknown and their struggles within the legal profession, offering within those chapters a critical appraisal of the role of history and biography as a methodology. From there, it moves to consider feminist perspectives and critiques of the dominant structures of private law. This is followed by chapters that explore those who educate the legal profession within the academy. The chapters and the collection as a whole examine areas of law that have a deep significance for women's lives. Erna Brodber and Velma Pollard Violet Harrington Bryan, 2021-11-15 Erna Brodber and Velma Pollard, two sister writers born and raised in Jamaica, re-create imagined and lived homelands in their literature by commemorating the history, culture, and religion of the Caribbean. Velma Pollard was born in St Catherine, Jamaica. By the time she was three, her parents had moved to Woodside, St Mary, in northeast Jamaica, where her sister Erna was born. Even though they both travel widely and often, the sisters both still live in Jamaica. The sisters write about their homeland as a series of memories and stories in their many works of fiction, nonfiction, and poetry. They center on their home village of Woodside in St Mary Parish, Jamaica, occasionally moving the settings of their fiction and poetry to other regions of Jamaica and various Caribbean islands, as well as other parts of the diaspora in the United States, Canada, and England. The role of women in the patriarchal society of Jamaica and much of the Caribbean is also a subject of the sisters' writing. Growing up in what Brodber calls the kumbla, the protective but restrictive environment of many women in the Anglo Caribbean, is an important theme in their fiction. In her fiction, Pollard discusses the gender gaps in employment and the demands of marriage and the special contributions of women to family and community. Many scholars have also explored the significance of spirit in Brodber's work, including the topics of spirit theft, spirit possession, and spirits existing through time from Africa to the present. Brodber's narratives also show communication between the living and the dead from Jane and

Louisa 1980 to Nothing's Mat 2014 Yet few scholars have examined Brodber's work on par with her sister's writing Drawing upon interviews with the authors this is the first book to give Brodber and Pollard their due and study the sisters important contributions
