Library of Congress Catalogs Library of Congress,1980      **The Birth of Judicial Politics in France** Alec Stone Sweet,1992 The French Constitutional Council a quasi judicial body created at the dawn of the Fifth Republic functioned in relative obscurity for almost two decades until its emergence in the 1980s as a pivotal actor in the French policymaking process Alec Stone focuses on how this once docile institution through its practice of constitutional review has become a meaningfully autonomous actor in the French political system After examining the formal prohibition against judicial review in France Stone illustrates how politicians and the Council have collaborated over the course of the last decade often unintentionally and in the service of contradictory agendas to significantly enhance Council s power While the Council came to function as a third house of Parliament the legislative work of the government and Parliament was meaningfully juridicized Through a discussion of broad theoretical issues Stone then expands the scope of his analysis to the politics of constitutional review in Germany Spain and Austria      **Monographic Series** Library of Congress,1979      *Columbia Law Review* ,1978

**The Comparative Turn in Canadian Political Science** Linda White,Richard Simeon,Robert Vipond,Jennifer Wallner,2009-01-01 Over the past decade the study of Canadian politics has changed profoundly The introspective insular and largely atheoretical style that informed Canadian political science for most of the postwar period has given way to a deeper engagement with and integration into the global field of comparative politics This volume is the first sustained attempt to describe analyze and assess the comparative turn in Canadian political science Canada s engagement with comparative politics is examined with a focus on three central questions In what ways and how successfully have Canadian scholars contributed to the study of comparative politics How does study of the Canadian case advance the comparative discipline Finally can Canadian practice and policy be reproduced in other countries      **The Constitution of the United States** ,1987      **Law and Legal Culture in Comparative Perspective** Günther Doeker-Mach,Klaus A. Ziegert,2004 Comparative legal studies are at last commanding the thoughts of contemporary jurists Alice ES Tay Drawing on an impressive ancestry in comparative law the 22 contributions in this volume by authors from Asia Australia and Europe go further in their complex conception of law and culture They look at the new principles and concepts of a transnational global law in new multiple contexts and in diverse juxtapositions with new institutions and authorities In an unplanned but cohesive pattern the individual contributions together open a fresh vision of the use and value of comparative legal studies for the assessment of the function and limitations of the law of a global society      **Books in Series** ,1985 Vols for 1980 issued in three parts Series Authors and Titles      *Subject Catalog* Library of Congress,1979      **From Rationality to Liberation** J.
