Harold Levinson, 1972 *Constitutional Law* Jesse H. Choper, Richard H. Fallon (Jr.), Yale Kamisar, Steven H. Shiffrin, Michael C. Dorf, Frederick Schauer, 2015 This long popular constitutional law casebook has added two new co authors for its newest 12th new edition Michael Dorf and Frederick Schauer who have brought deep background and rich insight in helping to bring the book thoroughly up to date In preparing the new edition the authors have retained the basic format of prior editions but have added new cases and re edited old ones to ensure coverage of important topics in manageable numbers of pages The Notes and Questions which have long been a hallmark of the book continue to present a wide range of perspectives for students to consider rather than reflecting a single point of view that users of the book must either adopt or teach against Professors will especially like the illuminating and provocative extracts from the literature that accompany important new cases involving the Affordable Care Act same sex marriage affirmative action and campaign finance and freedom of speech Constitutional Law Jesse H. Fallon, Yale Kamisar, 2014-08-02 **Constitutional Law; Cases--comments--questions. Supplement** William B. Lockhart, Yale Kamisar, Jesse H. Choper, 1966 Constitutional Law Jesse Choper, Michael Dorf, Richard Fallon, Jr., Frederick Schauer, 2023-05-24 The Fourteenth Edition continues in while aspiring to update and enhance a proud tradition This is a teaching book with at least two features that distinguish it from other books First because the editors believe that students benefit from sustained engagement with Supreme Court opinions pivotal cases are edited less substantially than in many other books Second because Constitutional Law is an argumentative practice situated in ongoing debates this edition follows its predecessors in exposing students to diverse perspectives in the

scholarly literature By conjoining large chunks of Supreme Court analysis with diverse perspectives from the scholarly literature this edition should furnish instructors with the resources to teach a broadly intellectual as well as a doctrinally sophisticated Constitutional Law course Not insignificantly the book also strives for evenhandedness It imposes no overarching normative or conceptual vision that teachers must either embrace or teach against Publication of this edition occurs at a time of substantial flux in constitutional doctrine a reflection of the appointment of four new Justices between 2017 and 2022 Accordingly some revisions from prior editions stand out For instance Chapter 6 on Individual Rights has been substantially revised in light of recent decisions concerning abortion and firearms Chapter 8 on the Religion Clauses includes important recent cases from both the Court s plenary and emergency dockets Chapter 9 on Equal Protection accurately depicts case law as this book goes to press but major change could come in the wake of decisions by the Supreme Court in pending affirmative action cases

Constitutional Law Jesse H. Choper, 2008 An annually revised paperback designed for a single semester course on constitutional law The most recent set of teaching materials by four renowned professors who are co authors of a long time favorite the much larger *Constitutional Law Cases Comments Questions* 10th ed 2006 By judicious editing and careful summarizing of the most important Supreme Court cases the four co authors of *Leading Cases in Constitutional Law* have managed to produce a set of constitutional law teaching materials under 900 pages

Case and Comment , 1928 *1976 Supplement to Constitutional Law* James L. Maddex, 1976
