Consumer Research For Management Decisions:

Consumer Research for Management Decisions Melvin Prince, Irene A. Silbert, 1982 **Consumer Behavior and Managerial Decision Making** Frank R. Kardes, 2002 This scientific sophisticated yet readable book approaches the subject of consumer behavior by using a rigorous scientific orientation and presenting material in three overlapping sections basic concepts persuasion and managerial decision making It discusses the principles and scientific investigation of consumer behavior and demonstrates how companies and organizations use them strategically every day Chapter topics include consumer attention and comprehension consumer memory judgment and choice the message learning approach to persuasion affective and motivational approaches to persuasion self persuasion and social influence principles online consumer behavior new product development product management and strategies for improving managerial decision making For individuals concerned with the attitudes and activities of today's buyer in the marketplace *Innovating in Practice* Tiziana Russo-Spena, Cristina Mele, Maaria Nuutinen, 2016-11-13 The purpose of the book is to devise an alternative conceptual vocabulary for studying innovation by stressing the role of social contextual and cultural perspectives This vocabulary is drawn on a service and on sociological perspectives on innovation based on the ontological assumption that innovation is a value co creation matter and that it takes place in a reality that is multiple constructed and socially embedded The aim is to tackle key issues such as social construction service innovation knowledge and learning processes value co creation innovating and innovation activities networking and collaborative innovation **Handbook of Marketing Decision Models** Berend Wierenga, 2008-09-11 Marketing models is a core component of the marketing discipline The recent developments in marketing models have been incredibly fast with information technology e g the Internet online marketing e commerce and customer relationship management CRM creating radical changes in the way companies interact with their customers This has created completely new breeds of marketing models but major progress has also taken place in existing types of marketing models The HANDBOOK OF MARKETING DECISION MODELS presents the state of the art in marketing decision models dealing with new modeling areas such as customer relationship management customer value and online marketing but also describes recent developments in other areas In the category of marketing mix models the latest models for advertising sales promotions sales management and competition are dealt with New developments are presented in consumer decision models models for return on marketing marketing management support systems and in special techniques such as time series and neural nets Not only are the most recent models discussed but the book also pays attention to the implementation of marketing models in companies and to applications in specific industries Corporate Branding T C Melewar, S F Syed Alwi, 2015-04-10 A strong corporate image has power in a competitive marketplace Its influence on reputational value and customer decision making is only now beginning to be understood Interest in corporate branding is exploding as marketing academics and professionals begin to realize how it can boost business performance in

measurable ways For example it promotes customer patronage without expensive advertising and raises profitability by enabling companies to leverage their brand image when buying from particular sources Yet there are few empirical studies available to clarify its basic tenets and fewer still that help us understand corporate branding in different parts of the world Existing books focus mainly on conceptual ideas and real life examples Corporate Branding Areas arenas and approaches is a unique take on corporate branding that provides a global overview through rigorous research of different geographical areas across industries An international range of leading scholars contribute their coverage across three clear themes Area geographical areas across the globe including the UK USA Europe and Asia Arena a variety of commercial and not for profit sectors both B2B and B2C Approach methodological approaches to brand research design including qualitative quantitative case studies interpretivistic and social narrative These three themes enable the reader to consider corporate branding from more perspectives and in more ways than any other corporate branding book The result is an understanding of this strategically important growing subject that cannot be found anywhere else This book is an essential read for any branding student or interested professional

Multicultural Perspectives in Customer Behaviour Maria Piacentini, Charles Cui, 2013-09-13 With globalisation taking centre stage in the business world and multiculturalism affecting markets and societies there is a need to understand the ways that customers respond to the changing marketplace from international and multicultural perspectives This book is timely in addressing important themes raised in the most recent marketing literature such as global consumer culture and the impact of Western culture on consumer behaviour in other countries consumer acculturation processes and the impact on identity conflicts and the strategies people use to manage them globalisation vs localised strategies and the interaction of local and global influences on customer behaviour climate change and global warming the impact on consumer behaviour and the implications for social responsibility and cross cultural customer research including important methodological questions around the application of sociological group level measures to psychological individual level phenomenon in marketing contexts The papers in this edition address those themes reporting on studies from a range of countries including Germany Greece China and Austria and a number of cultural groups in the UK These papers draw on quantitative and qualitative methodologies reflecting the full range of methods employed in contemporary consumer research This book was originally published as a special issue of the Journal of Marketing Management
