advertising in postmodern times

Consumerist Manifesto

Wolfgang Guggemos

Consumerist Manifesto:

The Consumerist Manifesto Martin P. Davidson, 2013-09-27 Advertising is no longer on the defensive. It has survived the snobbery of the 50s, the conspiracy theories of the 60s and the semiology of the 70s to be embraced and apotheosised by the 80s. The Consumerist Manifesto is the first book to examine the advertising process from within the agency itself and from the wider perspective of advertising's dual relationship as both consumer and object with contemporary cultural theory. Martin Davidson follows the creation of successful campaigns and explores how advertising has succeeded in setting the tone for even larger aspects of our material and personal lives. With the impact of postmodernism and popular culture and the subsequent collapse of the old anti-advertising critique, the book reveals how advertising came to be embraced as the idiom of the enterprise culture and how it became central to the decades' assault on traditional notions of political and cultural value. Martin Davidson explores the wider implications of advertising's dominance for cultural theory, art, anthropology and language. Finally, Martin Davidson asks how this new critique will have to develop if the industry's new credibility is to be maintained.

The Consumerist Manifesto Handbook Charles J. Selden, 2014-08-28 Consumers rise up and demand your rights. This funny, irreverent and informative guide exposes the many abuses committed by corporations against the modern consumer, urging readers to shake off the fog of learned helplessness and demand their money's worth from every transaction. Anti-corporate guerilla. Charles Selden draws on his 40 plus years of experience, revealing the extraordinary and often hilarious lengths to which companies will go to duck their responsibilities to consumers. Best of all, he shows how to recognize the signs of such customer disservice and capitalize on them, clearly outlining the tactics customers need to master in order to get what they paid for every single time.
