Koko Ph.D., 2018-08-01 This book carefully tries to unravel the puzzle of existential contradictions and happiness It reflects and translates piece by piece Surus practice of self examination in the midst of existential contradictions Throughout the lines of Surus adventures or stories the book unveils the transformative potential of self examination for peace and happiness In Surus experience the human journey to peace or happiness is a long one Surus certainly remains a long and challenging one Every time Suru thinks or feels like he has conquered peace or happiness for good he ends up being wrong He ends up losing his peace his happiness escapes and challenges him to keep on running after the goal And when he succeeds in catching up with it anew peace dwells within his mind and heart for some time and escapes again Suru keeps on longing for peace and happiness His road to happiness is filled with contradictions and his search for peace seems endless it is like a lifetime journey Every time the roadblocks of contradictions show up they force the train of Surus journey to stop for a moment Fortunately self examination transforms that stop into the opportunity of a much needed station for the train of his existence At that station Suru pauses and takes the time to evaluate the direction of his existential movement to find his lost peace In the midst of existential contradictions it could be difficult to find peace The path to peace could become nebulous But with the tool of self examination peace is likely to find you **The Practical Works of Richard Baxter** Richard Baxter, 1838 Mé Dia Daniel Gavaghan, 2020-04-07 This book reflects the spiritual path with which Ireland has undergone over many thousands of years It recounts the connections Ireland has with other spiritual traditions throughout the world The book also reflects upon Ireland s geological history plant life flora and fauna and endeavours to prove that Ireland has a

deep connection to a once ancient spiritual past That Ireland was once at the centre of everything and absorbed all spiritual truths from around the world and endeavoured to rewrite that truth in a way with which it was more palatable for the social masses at the time The Gospels distributed into meditations for every day of the year, by l'abbé Duquesne Arnaud
