# Consolidated Financial Statements

**Conrad Meyer**

## **Consolidated Financial Statements:**

*Consolidated Financial Statements* Mfandaidza Reuben Hove, 2006 This reference covers the basic and fundamental accounting techniques required to compile consolidated financial statements covering the operations of enterprises which at the end of their financial year have a subsidiary or subsidiaries under their control and or subsidiaries and associated companies as set forth in the International Accounting Standards IAS 27 IFRS3 and IAS28 Of particular use to practitioners and students in developing countries the text employs a building block approach to gradually introduce topics of increasing complexity and contains practical examples of how compliance with international accounting standards can be achieved and how outcomes can be determined Also included are tutorial exercises with suggested solutions

**Consolidated Financial Statements** International Accounting Standards Committee, 1976

*Consolidated Financial Statements* William Herbert Childs, 1949

*Consolidated Financial Reporting* Paul Taylor, 1996-05-25 Consolidated Financial Reporting introduces and examines what is currently the most central and controversial area in financial reporting In an innovative and distinctive way the author integrates concepts techniques controversies and current practice Techniques are introduced within a framework which shows why they work and what the figures mean Controversial issues are grounded within modern accounting theory and practice All core areas and relevant standards are covered including acquisition and merger accounting fair values at acquisition goodwill consolidated cash flow statements reporting consolidated financial performance foreign currency translation segmental reporting off balance sheet financing and related party transactions The book is designed so that readers with particular interests for example in technical matters or concepts and standards can easily find their way through clearly marked sections Discussion and calculation reinforce each other calculations illustrate controversies and controversies and concepts illustrate techniques Examples are carefully graduated and care is taken not to obscure principles with unnecessarily complex calculations Materials are set into an international context The book is both rigorous and accessible It is an extensive revision of and successor to the author's 1987 title Consolidated Financial Statements Because of recent theoretical and institutional developments an enormous amount of new material has been added and new teaching approaches to many areas included There are many more worked examples and exercises as well as approachable discussions of state of the art advanced topics The solutions notes for each case are available on a disk for instructors who recommend the book for course use
