Leisure despite constraint Tess Kay, Guy Jackson, 1991 Constraints to Leisure Edgar Lionel Jackson, 2005

Constraints on Leisure Michael G. Wade, 1985 **Perceived Constraints to Leisure Within Five Activity Domains**, 1994 This study uses data from the 1989 Ontario Leisure Activity Participation Study to examine the relationship between reported constraints to participation in various leisure activity domains and demographic characteristics of those who reported constraints The Impact of Leisure Constraints on Leisure Programmers' Participation in Municipal Leisure and Recreation Programs Phil Thornton-Joe, University of Victoria (B.C.). Faculty of Education, 1997 **Proceedings of the 2001 Northeastern Recreation Research Symposium, April 1-3, 2001, The Sagamore on Lake George in Bolton Landing, New York** Sharon Todd, 2001 *General Technical Report NE*, 1980 **Proceedings of the 2000 Northeastern Recreation Research Symposium, April 2-4, 2000, The Sagamore on Lake George in Bolton Landing, New York**, 2000 **The Leisure Domains of Participation, Motivation, Attitude, Satisfaction, and Constraints on Leisure Participation and Their Relationship to Wellness** Sari Vanotegham, 1986 **Constraints and Constraint Negotiation by Women Sea Kayakers' Participation in a Women-only Course** Lynn Ann Dominguez, 2003

Proceedings of the ... Northeastern Recreation Research Symposium, 2002 Freedom and Constraint Fred Coalter, 2019-04-24 First published in 1989 In the climate of long term unemployment early retirement and technology that is seen to threaten jobs leisure has been presented as the solution to a multitude of social problems The essays in this collection represent the most important arguments on the problems myths and misunderstandings of leisure Arguing from a range of positions some sceptical others more idealistic they look at the complexities of this field and the social and political problems that surround it No single argument dominates What emerges is a live wire debate on class and gender employment and economic status age and education which brings the discussion of leisure controversially up to date The book based on papers presented to conferences of the Leisure Studies Association divides into sections on leisure and social change the relationship between leisure and social structures and the tension between leisure and employment It takes a critical look at leisure in Britain Sweden the Netherlands and the USA and at the paradoxes that will determine its future Whilst refusing to see leisure as a synonym for social progress and liberalization it argues that the quality of leisure reflects the quality of society itself *Proceedings of the 2002 Northeastern Recreation Research Symposium, April 13-16, 2002, the Sagamore on Lake George in Bolton Landing, New York* Rudy Schuster, 2003 **Sport Tourism** Heather J. Gibson, 2013-09-13 The study of sport tourism is on the cusp of moving from a descriptive phase of research into an analytical phase Consequently many academics and graduate students are searching for theories upon which to ground their work This book draws upon theories and concepts from sociology and anthropology the socio cultural perspective sport and tourism studies and business studies One of the dangers of a new area of study is that the body of knowledge is built on a range of seemingly unrelated studies By

grounding work in a theoretical perspective future work can be linked to and contribute to building a cohesive understanding of various aspects of sport tourism This book is an edited collection written by some of the top scholars working in a particular domain throughout the world providing a compendium of theories and concepts that can be used to frame research on various aspects of sport tourism This volume was previously published as a special issue of the journal Sport in Society
