Constructing The Self Constructing America A Cultural History Of Psychotherapy:

Constructing The Self, Constructing America Philip Cushman, 1996-10-01 In this ground breaking cultural history of psychotherapy historian and psychologist Philip Cushman shows how the development of modern psychotherapy is inextricably intertwined with that of the United States and how it has changed the way Americans view events and themselves By tracing our various definitions of the self throughout history Cushman reveals that psychotherapy is very much a product of a particular time and place and that it has been fundamentally complicit in creating many of the ills it An Introduction to Counselling and Psychotherapy: Theory, Research, Practice and Social seeks to assuage **Purpose, 7th Edition** John McLeod, 2025-03-25 An Introduction to Counselling and Psychotherapy builds on the existing strengths of John McLeod's research and professional experience This title provides a comprehensive introduction to the research and practice of counselling and psychotherapy and enables students to develop their confidence in deploying a range of therapeutic models With renewed focus on issues of social justice and in depth consideration of how best to respond to contemporary developments within and beyond the therapy session McLeod's most recent edition provides students with the skills required to navigate their early careers in a post Covid19 context Complete with case studies and topics for discussion this core textbook acts as a one stop shop for students on a wide variety of counselling training programmes John McLeod is a household name in the world of C P education John has held Professorial position at the Universities of Keele Abertay Olso Padua and Massey and at the Institute for Integrative Counselling and Psychotherapy Dublin He has published 14 books and more than 100 articles and chapters and has an international reputation as a leading figure in counselling and psychotherapy practice and research Moving Beyond Individualism in Pastoral Care and Counseling Barbara J McClure, 2011-10-27 Despite astute critiques and available resources for alternative modes of thinking and practicing individualism continues to be a dominating and constraining ideology in the field of pastoral psychotherapy and counseling Philip Rieff was one of the first to highlight the negative implications of individualism in psychotherapeutic theories and practices As heirs and often enthusiasts of the Freudian tradition of which Rieff and others are critical pastoral theologians have felt the sting of his charge and yet the empirical research that McClure presents shows that pastoral counseling practitioners resist change Their attempts to overcome an individualistic perspective have been limited and ineffective because individualism is embedded in the field s dominant theological and theoretical resources practices and organizational arrangements Only a radical reappraisal of these will make possible pastoral counseling practices in a post individualistic mode McClure proposes several critical transformations broadening and deepening the operative theologies used to guide the healing practice expanding the role of the pastoral counselor reimagining the operative anthropology reclaiming sin and judgment nuancing the particular against the individual rethinking the ideal outcome of the practices and reimagining the organizational structures that support the practices Only this level of revisioning will enable this ministry of the church to

move beyond its individualistic limitations and offer healing in more complex effective and socially adequate ways

Williams, 2001 A study of American thought and culture throughout history examines the individuals and documents that revealed significant ideas issues and movements American Journal of Psychotherapy ,1947 **Growing Old in Christ** Stanley Hauerwas, 2003-06-20 One of the hallmarks of contemporary culture is its attitude toward aging and the elderly Youth and productivity are celebrated in today s society while the elderly are increasingly marginalized. This not only poses difficulties for old people but is also a loss for the young and middle agers who could learn much from the elderly including what it means to grow old and die in Christ Growing Old in Christ presents the first serious theological reflection ever on what it means to grow old particularly in our culture and particularly as a Christian In a full orbed discussion of the subject eighteen first rate Christian thinkers survey biblical and historical perspectives on aging look at aging in the modern world and describe the Christian practice of growing old Along the way they address many timely issues including the medicalization of aging the debate over physician assisted suicide and the importance of friendships both among the elderly and between the elderly and the young Weighty enough to instruct theologians ethicists and professional caregivers yet accessible enough for pastors and general readers this book will benefit anyone seeking faith based insight into growing old Contributors David Aers David Cloutier Rowan A Greer Stanley Hauerwas Judith C Hays Richard B Hays Shaun C Henson L Gregory Jones Susan Pendleton Jones Patricia Beattie Jung D Stephen Long M Therese Lysaught David Matzko McCarthy Keith G Meador Charles Pinches Joel James Shuman Carole Bailey Stoneking Laura Yordy Psychotherapy as a Human Science Daniel Burston, Roger Frie, 2006 A masterful survey Psychotherapy as a Human Science provides a critical and clinical introduction to the core themes and influential thinkers that helped to shape contemporary human science approaches to psychotherapy Daniel Burston and Roger Frie present an excellent and concise journey through the historical background that informs the development of psychotherapy and then proceed to deal with many of the important facets of modern psychology and psychiatry from Dilthey and Husserl to the postmodern Perennial issues in philosophy the nature and scope of self knowledge and self deception the roots of inner and interpersonal conflicts the nature of love and reason the relationship between reason and faith and imagination took on new depth and meaning in light of nineteenth and twentieth century concepts of the unconscious alienation authenticity alterity and the like Burston and Frie not only demonstrate that European philosophers laid the foundations for the way many contemporary clinicians think and practice today but provide a theoretical orientation that is too often missing in today s medicalized practice environment This book invites readers to delve deeply into the history and theory of existentialism phenomenology psychoanalysis depth psychology and humanistic psychology The authors both explore the implications of these approaches for clinical practice and assert the significance of theory for clinical endeavors encouraging mental health professionals students and theorists to widen the scope of psychotherapy practice and training Psychology Today, 1969-10 The Journal of Psychohistory ,2001 **Psychology's Interpretive Turn**

Barbara S. Held, 2007 Two of the most fundamental and pervasive philosophical questions in psychology are Is objective psychological truth possible and how does that possibility pertain to human agency or our capacity for self determination For over 25 years postmodern theorists have maintained that an antiobjectivist or antirealist philosophy enhances human agency by making us free to be what we interpret ourselves to be However in the last decade a new wave group of theorists with hermeneutic pragmatic and constructionist origins has put forth views that are replacing those of conventional postmodernists Their dual mission is to defend the realism denied by postmodern antirealist psychologists while upholding the agency they believe to be denied by modern objectivist psychologists **Psychology for the Other** Edwin E. Gantt, Richard N. Williams, 2002 This book the first of its kind is a systematic and broad based attempt to bring to psychology the intriguing work of French phenomenologist Emmanuel Levinas Because contemporary psychology in its adherence to the philosophical and methodological underpinnings of naturalistic science too often abandons questions about morality and ethical obligation Levinas s writings about the experience of the face of the Other and the ethical obligation therein become particularly relevant In ten original essays by distinguished scholars some philosophers some clinicians and some academic psychologists the potential and the experiential impact of Levinas s work in the understanding of our fundamental human nature and the practice of psychotherapy are explored Ultimately the intention is to create a new discipline of psychology namely a science of the ethical A Different Story C.
