How Do I Viral Content Ideas For High School Students

Robert R. Redfield

How Do I Viral Content Ideas For High School Students:

History, Disrupted Jason Steinhauer, 2021-12-07 The Internet has changed the past Social media Wikipedia mobile networks and the viral and visual nature of the Web have inundated the public sphere with historical information and misinformation changing what we know about our history and History as a discipline This is the first book to chronicle how and why it matters Why does History matter at all What role do history and the past play in our democracy Our economy Our understanding of ourselves How do questions of history intersect with today's most pressing debates about technology the role of the media journalism tribalism education identity politics the future of government civilization and the planet At the start of a new decade in the midst of growing political division around the world this information is critical to an engaged citizenry As we collectively grapple with the effects of technology and its capacity to destabilize our societies scholars educators and the general public should be aware of how the Web and social media shape what we know about ourselves and crucially about our past

Developing Digital Detectives Jennifer LaGarde, Darren Hudgins, 2021 From the authors of the bestselling Fact vs Fiction this book offers easy to implement lessons to engage students in becoming media literacy digital detectives looking for clues questioning motives uncovering patterns developing theories and ultimately delivering a verdict The current news landscape is driven by clicks with every social media influencer trained and citizen journalists chasing the same goal a viral story In this environment where the race to be first on the scene with the most sensational story often overshadows the need for accuracy traditional strategies for determining information credibility are no longer enough Rather than simply helping students become savvy information consumers today's educators must provide learners with the skills to be digital detectives information interrogators who are armed with a variety of tools for dissecting news stories and determining what's real and what isn't in our post truth world This book Shares meaningful lessons that move beyond traditional fake news protocols to help learners navigate a world in which information can be both a force for good and a tool used to influence and manipulate Includes resources and examples to support educators in the work of facilitating engaging relevant and fun instructional opportunities for K 12 learners in both face to face and digital learning environments Unpacks the connection between social emotional learning and information literacy Includes access to the Digital Detective's Evidence Locker an online collection of over 100 downloadable and remixable resources to support the lessons in the book As the authors state Remember the detective's job is NOT to prove themselves correct Their job is to detect the truth This statement reflects the way they approach the lessons in this book providing clear and practical guidance to help educators address and overcome this ever expanding issue Audience K 12 educators and library media specialists

Youth, Education, and Islamic Radicalism Mun'im Sirry, 2024-03-15 Youth Education and Islamic Radicalism offers groundbreaking analysis of religious intolerance and radicalization among high school and university students in modern day Indonesia Indonesia is one of the most diverse countries in the world in terms of religion ethnicity and socioeconomic status but also in the complexity of

its education system Youth Education and Islamic Radicalism examines the roots of religious intolerance among young Indonesians and explores the various ways in which educated youth navigate radical ideologies amid growing religious conservatism The book presents nuanced explanations as to why one person becomes radicalized while another does not calling into question the common assumption that religious radicalism is directly connected to terrorism It problematizes the notion that the university is a significant hub trigger or birthplace of radicalization by asking What makes education attractive for extremist recruitment What shapes students views Under what circumstances do radicalization and deradicalization processes of educated youth take place Youth Education and Islamic Radicalism identifies a constellation of factors that shape young people s views of religious diversity in Indonesia demonstrating the ways in which they become radicalized in the first place and how in some cases they deradicalize themselves

Science Activities for Middle School Students George C. Lorbeer,2000 Science Activities for Middle School Students a revision of George Lorbeer and Leslie Nelson s classic Science Activities for Children gives instructors practical fun hands on learning activities to help teach children about science and problem solving skills Each activity follows the same step by step format Problem Procedure Result Supplemental Information and Thought Questions The activities are accompanied by simple illustrations that help clarify procedures and expected results With a total of nearly 300 activities future science teachers will find a wealth of ideas to help them become more effective in the classroom Science Activities for Middle School Children contains more challenging higher level science activities such as ones about the Greenhouse Effect the Icehouse Effect Ozone Depletion and the Eutrophication of some of our fresh water supplies The text is an excellent and comprehensive resource that future and practicing teachers of elementary science will want to keep at arm s length for ready reference
