*Restoring America's Foundation: Empowering Fathers for Strong Families* Philip M. Herrick, 2023-11-13. In *Restoring America's Foundation: Empowering Fathers for Strong Families*, author Philip M. Herrick delves into the critical role fathers play in shaping the foundation of American society and the challenges faced by contemporary families. This powerful book emphasizes the importance of dedicated and nurturing fathers who, together with strong and loving mothers, form the backbone of a thriving nation. As the very structure of the American family comes under attack, Herrick advocates for a collaborative approach between moms and dads, recognizing the precious contributions each parent brings to their children's lives. Drawing from his experience as a father of four sons, he shares his firm belief in developing good values within the home that will translate to a stronger America. This thought-provoking work calls for a reassessment of parenthood and its impact on our society. To rescue the American family, we need to begin where it all starts: at home. Join Philip M. **Work-Life Research in the Asia-Pacific** Xi Wen Chan, Sudong Shang, Luo Lu, 2024-03-29. This book addresses the most pressing and current work-life issues that are impacting Equity, Diversity, and Inclusion (EDI) in organisations across the Asia-Pacific. It is organised around three major themes: 1. Work-life equality and justice; 2. Technology, work, and family; and 3. Work-life values and trends in Asia, all of which will be discussed in relation to EDI. Issues concerning the work-life interface are closely intertwined with issues relating to EDI. For example, labour market inequalities are often fuelled by the interplay of gender, race, and family circumstances. Yet comparatively lesser attention has been given to the non-work aspects, particularly the family context, in research on the work-life interface and contemporary EDI issues. Breaking away from a predominantly Western perspective, this volume offers fresh insights and empirical evidence, shedding light on the most urgent and critical work-life challenges faced by people in the Asia-Pacific. It also provides deep understanding of the broader social, economic, and political environments shaping work-life trends. It will appeal to researchers and practitioners interested in topics related to human functioning and flourishing at
