It retains the smooth conversational writing style, extensive pedagogy and well-integrated supplements package of the parent text, *Business* Canadian Fourth Edition. Thoroughly updated and condensed, this text engages the reader by providing accurate and focused coverage in a brief, inexpensive and high-quality format. Not only does this book reflect the changes occurring in the practice of business, it also meets the changing needs of students and teachers in the field. Innovation Management and New Product Development Paul Trott, 2002. INNOVATION AND NEW PRODUCT DEVELOPMENT 2ND EDITION. Innovation Management is often treated as a series of separate specialisms rather than an integrated task. The second edition of Paul Trott's INNOVATION MANAGEMENT AND PRODUCT DEVELOPMENT brings together innovation management and new product development, the role of intellectual property and the management of research and development. Particular emphasis is placed on the need to view innovation as a management process and a conceptual framework is introduced, emphasizing the importance of internal processes and external linkages. Not only does the text examine how the heritage and knowledge base of an organisation drive the development of business opportunities, but it also deals with the wide subject of technology management and how companies manage research and development. New to this edition: four new chapters: E-commerce, Managing Intellectual Property, The Role of Market Research in New Product Development, Innovation and Operations Management and Innovation Policies; new case studies at the end of each chapter; as well as increased coverage of electronic commerce, intellectual property, brand management and market research.
