Instagram Secrets Alexander Vinci, 2021-09-04 Do you want to know how Instagram really works and what mindset you must have to succeed in this platform If you just starting reading through this guide and are thinking that your business isn't an eCommerce business and so Instagram isn't the place for you think again Remember the key proposition that Instagram brings is visualization Consider these examples 1 You're a real estate agent and want to highlight the newest mountain home that you have on the market 2 You are a world class hospital that just released a new mother's ward with beautiful birthing and stay suites with a spa like feel 3 You're a restaurant owner and want to highlight your savory and mouthwatering specials each week The above examples are all situations where nothing is actually being transacted online but the business is building brand awareness and drumming up interest so that the consumer will visit their website or pick up the phone to learn more The mysterious Instagram algorithm While we'll never know exactly how Instagram has weighted the various data points that they put into their algorithm we do know that Instagram's back end technology now focuses on relevancy serving up the posts that are most likely to relate to certain users based on their activity on the site So every time a user clicks through a post or spends a certain amount of time looking at a certain influencer Instagram is capturing that data in some way and building it into their engine to ensure that posts that users won't care about are less likely to show up in their feed We do know however that Instagram is looking at the following Timely content This is all about recency meaning if a user hasn't logged in for a while they won't have to scroll through outdated and no longer relevant posts They'll be shown timely content that matters to them Interest This is really the secret sauce as Instagram is paying attention and will serve content that it believes the user will be interested in Relationships Instagram knows what photos users tag and where they comment So if a user has interacted in some way with certain brands in the past they are far more likely to be served content from that brand or similar brands in the future For marketers this is a great thing It means that as Instagram learns more about your brand your posts and advertisements are more likely to get in front of your niche or target audience A few notes about Instagram Shopping With the release of Instagram Shopping in late 2016 Instagram literally turned their platform into an online marketplace While it is still a common practice to include website links to your business site and even to a product page now it is possible to allow the customer to transact directly on the Instagram platform For businesses that want to enable the Shopping capability they

need to meet the following requirements You must have an Instagram business profile That business profile needs to be connected to a Facebook catalog Your company s registered headquarters location must be located in one of the Instagram approved countries Items for sale must be physical goods that comply with the trading guideline and terms of use set forth by Instagram As this Instagram Marketing Guide is intended as a resource for those getting started with Instagram marketing we will not be providing a deep dive of the Instagram Shopping capability Here is a Preview of What You Will Get A Full Book Summary An Analysis Fun quizzes Quiz Answers Etc Get a copy of this summary and learn about the book **Successfully Building Your Brand with Instagram, Vol. 2** Jim Gerhardt,2024-11-26 Unlock the secrets to mastering Instagram for your business or personal brand Successfully Building Your Brand with Instagram is the ultimate guide for leveraging the power of this social media platform to increase visibility engage your audience and drive sales profits and results Whether you re a small business owner Influencer or marketer this book provides winning strategies proven tips and creative ideas to establish a powerful presence on Instagram Keywords Tags Instagram Marketing Brand Building Social Media Strategy Instagram Success Influencer Marketing Digital Marketing Content Strategy Social Media Growth Instagram marketing strategies How to grow your Instagram brand Social media growth hacks Building a business with Instagram Instagram for small business Content creation for Instagram success Growing followers and engagement Instagram advertising tips Hashtag strategies for Instagram *Building An Authentic And Powerful Personal Brand* Claudine Shadding,2021-07-10 Today almost every individual is looking to have better visibility online Many people are focusing on Personal Branding but still many others aren t aware of it If you want to move ahead and grasp the best opportunities out there you have no option but to hold a blue umbrella while others are busy holding the white ones In this book you will discover a clear cut pathway to creating success and doing it with style Written in an irreverent humorous tone this book is sure to engage entertain and inspire readers to stop dreaming about creating success and start making it happen This engaging e book takes that advice and the concept of life crafting to another level The author doesn t just encourage you to think outside of the box she shows you how to tear it apart repurpose it into something fabulous stand on it and reach for the stars PLUS BONUS interviews with a variety of incredibly inspiring entrepreneurs who share their advice about how to create success Get your copy today **Personal Branding Mastery for Entrepreneurs** Chris J Reed,2018-03-15 From the No 1 International Best Selling Author Chris J Reed The Only NASDAQ CEO with a Mohawk comes his new book Personal Branding Mastery for Entrepreneurs In it Chris will tell you all about how you as an entrepreneur can develop your personal brand beyond LinkedIn You are an entrepreneur your personal brand is what everyone is buying into Your clients your shareholders your employees your partners the media future clients employees investors they are all buying into the power and values of your personal brand That s why you need to start working on it now In this new book Chris will talk from his own personal experience on how he created a personal brand from nothing and knowing no one when he left the UK and came to Singapore to become an Asian entrepreneur Chris
