Navigating The Digital Shift: Implementation Strategies for Blended and Online Learning John Bailey, Carri Schneider, Tom Vander Ark, 2013-10-09 Our nation's schools stand at an important inflection point in the history of education. Taken together, the implementation of common college and career standards, the shift to next generation assessments, the availability of affordable devices, and the growing number of high quality digital instructional tools create an unprecedented opportunity to fundamentally shift the education system to personalize learning around the individual needs of every student. Digital Learning Now (DLN), a national initiative under the Foundation for Excellence in Education (ExcellinEd) in association with Getting Smart, brings *Navigating the Digital Shift: Implementation Strategies for Blended and Online Learning* to readers interested in exploring the implementation challenges at the intersection of these shifts. Co-authored by John Bailey, Carri Schneider, and Tom Vander Ark, *Navigating the Digital Shift* offers updated versions of the eight papers originally released in the DLN Smart Series, including contributions from 11 additional co-authors representing leading organizations such as Public Impact, the International Association for K-12 Online Learning (iNACOL), and The Learning Accelerator. Topics include blended learning implementation, teaching conditions, and careers competency-based learning, student data, online learning myths, and student-based funding. Jeb Bush, Governor of Florida from 1999-2007 and Chairman of ExcellinEd, contends that the book provides policymakers and education leaders the tools they need to use digital learning as a catalyst for improved student achievement. AASA 2013 Superintendent of the Year Dr. Mark Edwards believes the collection provides meaningful practical and poignant advice as well as commentary regarding the move to college and career-ready standards associated with the shift to personal online learning and digital resources. Rhode Island's Commissioner of Elementary and Secondary Education, Deborah Gist, describes the book as an invaluable resource that will help educators re-imagine what our schools can look like and what our students can accomplish. *First Aid for Teacher Burnout* Jenny Grant Rankin, 2022-08-24 Offering clear strategies rooted in research and expert recommendations, the new edition of *First Aid for Teacher Burnout* empowers teachers to prevent and recover from burnout while finding success at work in a sustainable way. Each chapter explores a different common cause of teacher burnout and provides takeaway strategies and realistic tips. Chapter coverage includes fighting low morale, diminishing stress, streamlining grading, reducing workload, leveraging collaboration, using technology to your advantage, managing classroom behavior, advocating for support from your administration, securing the help of parents and community, and more. New in this edition, the author expands on discussion about teacher activism using digital resources as well as a wealth of tips throughout for those teaching virtually. Full of reflection exercises, confessions from real teachers, and veteran teacher tips, this accessible book provides easy-to-implement steps for alleviating burnout problems so you can enjoy peace and success in your teaching. *School Life*, 1956 *Shoe and Leather Reporter*, 1916 *PC Magazine*, 1990 *The American Educational Review*, 1914 **The Business Educator**, 1920 *An Elementary*
