New Opportunities for Sentiment Analysis and Information Processing Sharaff, Aakanksha,Sinha, G. R.,Bhatia, Surbhi,2021-06-25 Multinational organizations have begun to realize that sentiment mining plays an important role for decision making and market strategy The revolutionary growth of digital marketing not only changes the market game but also brings forth new opportunities for skilled professionals and expertise Currently the technologies are rapidly changing and artificial intelligence AI and machine learning are contributing as game changing technologies These are not only trending but are also increasingly popular among data scientists and data analysts New Opportunities for Sentiment Analysis and Information Processing provides interdisciplinary research in information retrieval and sentiment analysis including studies on extracting sentiments from textual data sentiment visualization based dimensionality reduction for multiple features and deep learning based multi domain sentiment extraction

The book also optimizes techniques used for sentiment identification and examines applications of sentiment analysis and emotion detection. Covering such topics as communication networks, natural language processing and semantic analysis, this book is essential for data scientists, data analysts, IT specialists, scientists, researchers, academicians and students. **Brand Creation and Management in the Phygital Era** Djakeli, Kakhaber, 2025-05-29. In the evolving digital era, the fusion of physical and digital brand experiences, known as phygitalization, has become essential for brand relevance and success. As consumers increasingly expect seamless, meaningful interactions across both online and offline spaces, brands must strategically balance digital innovation with emotional authenticity. Effective brand management today involves not only delivering quality and efficiency but also creating culturally resonant, personalized experiences that inspire loyalty and action. This shift transforms branding from a corporate asset into a cultural symbol deeply embedded in the identity and values of the communities it serves. This ability to master this synergy defines a brand's competitive edge in the 21st century. **Brand Creation and Management in the Phygital Era** discusses in depth how to create and manage brands in physical and digital environments, taking into consideration the complexities and opportunities of phygitalization. It offers practical strategies, research insights, and neuro-branding techniques to build emotionally resonant and culturally relevant brands in a hybrid world. Covering topics such as brand credibility, influencer marketing, and virtual reality (VR), this book is an excellent resource for entrepreneurs, marketers, managers, students, educators, business leaders, researchers, academicians, and more.
