From June 14 to June 16, 2023, Hasso Plattner Institute Potsdam hosted the eighth European MOOC Stakeholder Summit. *EMOOCs 2023* focuses on the effects of this emergency situation. How has it affected the development and delivery of MOOCs and other e-learning offerings all over Europe? Which projects can serve as models for successful digital learning and teaching? Which roles can MOOCs and micro-credentials bear in the current business transformation? Is there a backlash to the routine we knew from pre-COVID times? Or have many things become firmly established in the meantime, e.g., remote work, hybrid conferences, etc. Furthermore, *EMOOCs 2023* has a closer look at the development and formalization of digital learning. Micro-credentials are just the starting point. Further steps in this direction would be complete online study programs or full online universities. Another main topic is the networking of learning offers and the standardization of formats and metadata. Examples of fruitful cooperations are the MOOChub, the European MOOC Consortium, and the Common Micro-Credential Framework. The learnings derived from practical experience and research are explored in *EMOOCs 2023* in four tracks and additional workshops covering various aspects of this field. In this publication, we present papers from the conference's Research Experience Track, the Business Track, and the
