Humanizing Online Teaching and Learning in Higher Education Gray, Laura E.,Dunn, Shernette D.,2024-03-11 The surge in enrollment for online courses is continually increasing However beneath the convenience lies a challenge that demands a resolution Educators administrators and

instructional designers must ensure that the human element is not lost in the virtual corridors of learning. Students with diverse backgrounds and learning needs require more than a simple virtual classroom. Research reveals a concerning trend: high attrition rates in online courses often attributed to a lack of engagement and insufficient human interaction. To reverse this trend, deliberate measures must be taken to humanize the online learning environment. This book provides several solutions offering an array of tools and strategies to promote engagement and infuse the human touch into online spaces. To confront this multi-layered challenge, it becomes paramount to undertake deliberate measures aimed at humanizing the online learning environment. *Humanizing Online Teaching and Learning in Higher Education* steps forward as a guide offering an extensive array of tools and strategies meticulously crafted to foster student engagement and infuse the essential human touch into the digital educational landscape.

The Business Year: Ecuador 2023, The Business Year Ecuador 2023 is our eighth annual publication focusing on the Ecuadorian economy and has a particular emphasis on sustainability in the post-COVID 19 era. This 160-page publication features around 150 interviews with C-level executives from various sectors including finance, the green economy, tourism, energy and renewables, mining and hydrocarbons, health and education, construction and real estate, industry, IT and telecoms, and transport and logistics. These interviews provide valuable insights into how businesses are integrating sustainability into their strategies, promoting responsible practices and contributing to Ecuador's sustainable development agenda. By documenting Ecuador's ongoing transformation toward a more sustainable economy, *The Business Year* aims to inform the international business community about the opportunities, challenges, and success stories emerging from this remarkable journey.

Understanding Media Psychology by Gayle S. Stever, David C. Giles, J. David Cohen, Mary E. Myers, 2025-07-23. *Understanding Media Psychology* is an authoritative introductory textbook on the growing field of media psychology. Providing an overview of topics in the field, it summarizes key concepts and theories and considers the importance of media psychology in today's society. The second edition of this bestselling textbook has been fully updated to reflect the changing landscape of media psychology. The new edition features a brand new chapter on news and political media, as well as increased focus on AI and new forms of social media. It covers core areas such as positive media psychology, audience research, and the effect of gaming, violence, advertising, and pornography, critically engaging with contemporary discussions around propaganda, fake news, deepfakes, and how media and health psychology interacted during the COVID 19 pandemic and beyond. Written by a team of expert authors, this book will help readers understand the structures, influences, and theories around media psychology. Particular care is also given to addressing the interaction between issues of social justice and the media, as well as the effects media has on both the members of marginalized groups and how those groups are perceived. A

student website and instructor resources provide further ways to engage with the content and support teaching and learning. Containing a range of pedagogical features throughout to aid teaching and student learning including vocabulary and key terms, discussion questions and boxed examples, this is an essential resource for media psychology courses at the undergraduate and introductory master's levels globally.
