**AI in Daily Life** Michael Martin, 2025-08-15 AI isn't coming; it's already here. From the smartphone in your pocket to the apps that remember your shopping habits, artificial intelligence is quietly shaping your everyday world. **AI in Daily Life: How Artificial Intelligence is Transforming the Way We Live, Work, and Connect** is your clear, engaging guide to understanding and using this powerful technology in practical, life-changing ways. Inside, you'll discover how AI is making your home smarter from automated appliances to energy-saving systems; boosting your career with AI-powered productivity tools, research partners, and creative assistants; transforming shopping with personalized recommendations, virtual try-ons, and fraud protection; revolutionizing health and wellness with early detection, personalized fitness, and mental health support; enhancing learning with adaptive lessons, AI tutors, and inclusive accessibility tools. You'll also learn how to spot AI in your daily routines, even where you least expect it. The ethical challenges and risks we need to prepare for, how to future-proof your skills in an AI-driven economy, whether you're a professional, student, entrepreneur, or simply curious about what's next. This book gives you the insider's edge on the most important technology of our time, explained in plain English with real examples and tips you can start using today. Step into the future with confidence because AI is already part of your life. [Strategies to Support](#)

[Underrepresented Minority Students](#) Herron, Jeffrey, Dunn, Benjamin, Douglas, Keith, 2025-09-05 To support underrepresented minority students in education, academic institutions must make steps in achieving equity, inclusion, and academic excellence. These students often encounter unique challenges, including systemic barriers, cultural isolation, and limited access to resources, which can affect their academic success. Exploring a range of evidence-based approaches designed to support and uplift underrepresented minority students ensures they have the tools and opportunities needed to succeed. **Strategies to Support Underrepresented Minority Students** explores the different strategies and initiatives that effectively support underrepresented students in higher education. This book aims to help colleges and universities create sustainable systems of support, ensuring that all students, regardless of their background, can succeed and thrive in the years to come. Covering topics such as minority students' education and academic policy, this book is an excellent resource for administrators, educators, and policymakers committed to building inclusive environments in higher education. [Artificial Intelligence Ethics](#)

[Azhar Zia-ur-Rehman](#), 2025-04-17 Artificial intelligence (AI) has permeated every aspect of life. Like every other technology, AI poses risk and raises questions on ethics related to its design, development, deployment, use, and retirement. While a completely ethical AI may not be possible to achieve, it is possible to assess the maturity of the ethics of certain AI-based systems or that of an organization that employs AI. This book presents a comprehensive framework designed to guide organizations in assessing and enhancing the ethical maturity of their AI systems. It provides a structured approach to evaluating AI ethics across multiple dimensions, including governance, transparency, accountability, fairness, and privacy. By using this framework, organizations can identify areas of strength and opportunities for improvement, enabling them to

develop AI systems that are not only technically robust but also ethically sound This book is just the beginning of a whole new domain of AI ethics maturity assessment in which the author plans to establish a certification body for certifying systems and organizations on the maturity of their AI ethics The author may be approached for partnership in this regard at [azharzr@usa.net](mailto:azharzr@usa.net)
