Beginner Ai Chatbot For Website For Teachers:

A Beginner's Guide to Introduce Artificial Intelligence in Teaching and Learning Muralidhar Kurni, Mujeeb Shaik Mohammed, Srinivasa K G, 2023-06-28 This book reimagines education in today's Artificial Intelligence AI world and the Fourth Industrial Revolution. Artificial intelligence will drastically affect every industry and sector, and education is no exception. This book aims at how AI may impact the teaching and learning process in education. This book is designed to demystify AI for teachers and learners. This book will help improve education and support institutions in the phenomena of the emergence of AI in teaching and learning. This book presents a comprehensive study of how AI improves teaching and learning from AI-based learning platforms to AI-assisted proctored examinations. This book provides educators, learners, and administrators on how AI makes sense in their everyday practice. Describing the application of AI in ten key aspects, this comprehensive volume prepares educational leaders, designers, researchers, and policymakers to effectively rethink the teaching and learning process and environments that students need to thrive. The readers of this book never fall behind the fast pace and promising innovations of today's most advanced learning technology.

Digital Media in EFL Classrooms, 2025-02-26 Seminar paper from the year 2024 in the subject English Language and Literature Studies / Linguistics, grade 1.0 University of Kaiserslautern / Anglistik course Linguistics / language English. Abstract: Nowadays, English as a second language is more challenging for learners than ever. Shifting the focus on pronunciation teaching occasionally also puts more value on other issues like interference between sound systems in L2 classrooms. Technologies such as audio conferencing, video chat rooms, AI, Artificial Intelligence, and online learning platforms may have great potential to help learners overcome pronunciation difficulties. At the beginning of 2019, when COVID-19 struck down the globalized world, and every country's educational sector, these insights became more than relevant. At this time, overstrained teachers and students had to provide and perceive everything through online resources only to acknowledge the benefits of media in pronunciation teaching after a short period.

Creative Interactive Teaching Hans Emil Klein, 2000 This book presents a selection of papers from the international interdisciplinary conference of the World Association for Case Method Research. 2. Psychology in Learning and Instruction Patricia A. Alexander, 2006 This book introduces future educators and researchers to several different psychological perspectives and uses these perspectives to introduce key issues such as knowledge acquisition and transfer, strategic process, and student motivation. As an editor and reviewer of the top journals in the field, the author is able to present the latest research in language that is accessible and understandable. Unlike other books that are organized around theoretical topics valued by psychologists, it is organized around education problems and issues deemed important by educators.
