Beginner Ai Customer Support Bot In Usa:

Bots Nick Monaco, Samuel Woolley, 2022-05-10 Bots automated software applications programmed to perform tasks online have become a feature of our everyday lives from helping us navigate online systems to assisting us with online shopping Yet despite enabling internet users bots are increasingly associated with disinformation and concerning political intervention In this ground breaking book Monaco and Woolley offer the first comprehensive overview of the history of bots tracing their varied applications throughout the past sixty years and bringing to light the astounding influence these computer programs have had on how humans understand reality communicate with each other and wield power Drawing upon the authors decade of experience in the field this book examines the role bots play in politics social life business and artificial intelligence Despite bots being a fundamental part of the web since the early 1990s the authors reveal how the socially oriented ones continue to play an integral role in online communication globally especially as our daily lives become increasingly automated This timely book is essential reading for students and scholars in Media and Communication Studies Sociology Politics and Computer Science as well as general readers with an interest in technology and public affairs

Jobonomics Goutam Das, 2019-01-20 Although India s economy is growing at a steady clip of over 7 per cent a year job creation is far short of where it needs to be At the same time most Indians who are employed are stuck in jobs that don t pay well Hidden in this tangle is not just a crisis of productivity and skills but also a lack of employment opportunities for the country s teeming millions If the issues mirroring both demand and supply in the job market are not addressed urgently we are looking at an economy in which over 20 crore people will be in bad jobs or even without jobs by 2025 Why are Indian companies not creating enough jobs Why do small companies remain small Will bots take over today s jobs from the shop floor to the back office What will salaries of the future look like Why have successive governments failed in their promises to create more jobs that pay well Goutam Das explores these questions and more in this engaging narrative that documents the real stories of workers of all shades across India from Tiruppur in Tamil Nadu to Gurugram in Haryana highlighting the social and political consequences of unemployment and underemployment Presenting astute analyses of the current and future trends in India s job market this timely book points to the path forward and underlines the human potential we can tap into to turn the tide

New Suits Michele DeStefano, Guenther Dobrauz-Saldapenna, 2019-06-15 Time to get out of Law Land and back into the Jungle Fuelled by advancing technology new business models and altered client expectations the legal industry faces unprecedented change across its entire value chain Unfortunately many legal professionals fear the technology train and the convergence of other fields with law They see legaltech AI and bots like lions and tigers and bears oh my We the editors and authors of this book see opportunity Although the future may require us to put on new suits it represents an enormous opportunity for lawyers to reinvent ourselves for our own and our clients benefit Filled with chapters written by experts in the intersection of law innovation and technology this book provides a global perspective on the diverse

legal service delivery ecosystem that will be our future It provides chapter upon chapter reason upon reason explaining why lawyers can and should increase their appetite for disruption in the legal world So welcome to the jungle and enjoy the ride as we attempt to systematically map the uncharted waters of the future legal realm and simultaneously inspire you to build a new future in law
