**Technology for Learning Disabilities** Harrison Stewart, AI, 2025-02-22 Technology for Learning Disabilities explores how assistive technology can transform education for students with learning disabilities. The book emphasizes selecting and integrating technology to help students overcome challenges and achieve academic success. It addresses the diverse landscape of learning disabilities like dyslexia, dysgraphia, dyscalculia, and ADHD, highlighting how tools like text-to-speech can mitigate the impact of these disabilities. This approach is vital because traditional methods often fall short for these students. The book uniquely balances theory with practical strategies, providing concrete resources for educators and parents. Chapters progress from understanding learning disabilities to evaluating specific technologies such as graphic organizers and note-taking apps, and then to best practices for classroom integration. By synthesizing research, case studies, and expert opinions, it offers an evidence-based perspective. Ultimately, this textbook provides a comprehensive overview applicable in various educational settings, promoting independence and enhanced learning.

*The Artificial Intelligence Playbook* Meghan Hargrave, Douglas Fisher, Nancy Frey, 2024-03-05 Time-Saving AI Tools that Make Learning More Engaging. Busy educators need tools that support their planning and provide them with more time with students. While Artificial Intelligence (AI) has emerged as a promising solution, it can only help if we're willing to learn how to use it in ways that improve upon what we already do well. *The Artificial Intelligence Playbook: Time-Saving Tools that Make Learning More Engaging* is here to empower teachers to explore AI's potential and discover practical ways to implement it to enhance their planning and instruction. Two chapters and 6 Educator Functions guide teachers step-by-step through how to purposely use AI to Compose Writing Prompts and Avoid Plagiarism, Manage Content, Foster Student Engagement, Meet Students' Instructional Needs, Assess Student Learning, and Continue Lifelong Learning. Though AI has the potential to reduce workload for educators, it will never replace teachers. Your connection with students is irreplaceable and greatly impacts their learning. Consider AI a valuable tool that provides you with more time to build and sustain those vital relationships with students and that can assist them in learning at the very same time.

Proceedings of the International Conference on Advancements in Computing Technologies and Artificial Intelligence (COMPUTATIA 2025) Narayan Vyas, Amit Sharma, Anand Nayyar, Manish Shrivastava, Dankan Gowda V, 2025-05-20 This open access volume presents select proceedings of the International Conference on Advancements in Computing Technologies and Artificial Intelligence (COMPUTATIA 2025).
