Born-Digital Texts in the English Language Classroom Saskia Kersten, Christian Ludwig, 2024-06-11 This book is the first to focus specifically on born digital texts in EFL teaching uniting international and innovative scholarship with practical classroom applications The book develops a theoretically sound framework for curriculum materials and methods design that takes into account the growing ubiquity of born digital texts in the digital age It covers a broad variety of born digital text types including those generated by AI which

so far have not been an explicit focus in the context of language teaching while also providing a grounding in current discussions around digital tools in education The chapters cover a wide range of issues from methodological approaches to born digital texts to curriculum syllabus and materials design The book will be a valuable introduction to the subject for trainee and practising teachers as well as teacher educators and students on EFL courses Chapter 7 is free to download as an open access publication under a CC BY licence and is available here <https://zenodo.org/records/11174197> MASTERING 4K AI Videos: Analysis of 36 Platforms for Cinematic Production and Marketing The Complete 2026 Guide Mr. Flower Design, In the hypercompetitive world of digital content mastering high quality video production has become essential for brands creators and marketing professionals MASTERING 4K AI Videos Analysis of 36 Platforms for Cinematic Production and Marketing 2026 is the definitive guide offering you a comprehensive up to date and strategic comparison of the best AI platforms for generating cutting edge videos This guide is a practical and in depth tool that allows you to consciously choose the solution best suited to your creative and business needs From cinematic productions to social content from corporate training to global advertising campaigns you will discover how to make the most of the most innovative AI video technologies with the ability to evaluate Over 30 platforms assessed with concrete data on prices 4K video quality integrated audio and lip sync accuracy Detailed analysis of pricing models including credit use and generated minutes to plan your budget without surprises Critical evaluation of the learning curve and user experience to identify accessible or professional tools depending on your skill level Insights into fundamental technical features including rendering times available APIs and supported export formats Clear regulatory overview on copyright and commercial use restrictions with a focus on the new European AI Act 2025 regulations Practical examples and integration advice for your daily workflow to start creating engaging and superior quality videos immediately This guide is designed to save you time and money by avoiding lengthy research or trial and error testing and to give you a competitive edge in the modern era of automated video production Perfect for marketers videomakers trainers businesses and content creators eager to take their content to a professional level with the most updated and high performing AI technology MASTERING 4K AI Videos is the key to turning your creative vision into reality with the confidence of knowing the best tool for your project and budget Don't let the competition surpass you Get the guide today that will change the way you make videos **Social Computing and Social Media** Adela Coman, Simona Vasilache, 2024-05-31 This book constitutes the refereed proceedings of the 16th International Conference on Social Computing and Social Media SCSM 2024 held as part of the 26th HCI International Conference HCII 2024 which took place in Washington DC USA during June 29 July 4 2024 The total of 1271 papers and 309 posters included in the HCII 2024 proceedings was carefully reviewed and selected from 5108 submissions The SCSM 2024 proceedings were organized in the following topical sections Part I Designing developing and evaluating social media user experience and user behavior in social media AI and language models in social media Part II Social media in learning education and culture social media in

business and ecommerce Part III Computer mediated communication social media for community society and democracy
