the North American Long Poem* Ridvan Askin, Julius Greve, 2024-12-15 For centuries critics poets poet scholars and
philosophers have either openly proclaimed or tacitly assumed the long poem as the highest expression of literary ambition
and excellence *Rethinking the North American Long Poem* focuses on the North American variant of this notorious form
notorious because of its often forbidding and difficult character particularly with respect to the dialectics of content and form
aesthetics and politics matter and genre In nine essays and a contextual introduction the editors and contributors scrutinize
seminal long poems by North American writers including Walt Whitman s *Song of Myself* Ezra Pound s *The Cantos* Muriel
Rukeyser s *The Book of the Dead* and Charles Olson s *The Maximus Poems* They also explore recent efforts that have
redefined or reopened the case of the long poem including Rachel Blau DuPlessis s *Drafts* M NourbeSe Philip s *Zong* and
Claudia Rankine s *Citizen* Taking the categories of form matter and experiment as frames of conceptual reference the book
examines the ways in which material and immaterial aspects of literary practice and the philosophically and politically
inscribed duality of experience and experiment are negotiated in and by North American long poems from the nineteenth
century to the present **AI Empire** Jonathan Holloway , 2025-03-15 Book Description AI Empire The Ultimate Guide to
