Cuba Going Back:

Impossible Returns Iraida H. Lopez, 2018-03-19 In this one of a kind volume Iraida Lopez explores various narratives of return by those who left Cuba as children or adolescents Including memoirs semi autobiographical fiction and visual arts many of these accounts feature a physical arrival on the island while others depict a metaphorical or vicarious experience by means of fictional characters or childhood reminiscences As two way migration increases in the post Cold War period many of these narratives put to the test the boundaries of national identity Through a critical reading of works by Cuban American artists and writers like Mar a Brito Ruth Behar Carlos Eire Cristina Garc a Ana Mendieta Gustavo Prez Firmat Ernesto Pujol Achy Obejas and Ana Mendez Lopez highlights the affective ties as well as the tensions underlying the relationship between returning subjects and their native country Impossible Returns also looks at how Cubans still living on the island depict returning migrants in their own narratives addressing works by Jess Diaz Humberto Sol s Carlos Acosta Nancy Alonso Leonardo Padura and others Blurring the lines between disciplines and geographic borders this book underscores the centrality of Cuba for its diaspora and bears implications for other countries with widespread populations in exile

Cuba—Going Back Tony Mendoza, 2010-07-05 A subtle yet striking collection of sepia like photographs depicting life in Cuba coupled with the perceptive observations of a Cuban exile returning home Miami Herald Imagine being unable to return to your homeland for thirty six years What would you do if you finally got a chance to go back In 1996 after travel restrictions between the United States and Cuba were relaxed Cuban exile Tony Mendoza answered that question Taking his cameras notebooks and an unquenchable curiosity he returned for his first visit to Cuba since the summer of 1960 when he emigrated with his family at age eighteen In this book he presents over eighty evocative photographs accompanied by a beautifully written text that mingles the voices of many Cubans with his own to offer a compelling portrait of a resilient people awaiting the inevitable passing of the socialist system that has failed them His photographs and interviews bear striking witness to the hardships and inequalities that exist in this workers paradise where the daily struggle to make ends meet on an average income of eight dollars a month has created a longing for change even in formerly ardent revolutionaries At the same time Cuba Going Back is an eloquent record of a personal journey back in time and memory that will resonate with viewers and readers both within and beyond the Cuban American community It belongs on the shelves of anyone who values excellent photography and well crafted prose This book based on the photos and interviews he conducted on his trip is a remarkable first hand account of today s Cuba Library Journal

Diasporic Generations Mette Louise Berg, 2011-10-01 Interpretations of the background to the Cuban diaspora a political revolution and the subsequent radical transformation of the society and economy towards socialism are politicised and highly contested The Miami based Cuban diaspora has had extraordinary success in putting its case high on the US political agenda

and in capturing world media attention but in the process the multiplicity of experiences within the diaspora has been overshadowed This book gives voice to diasporic Cubans living in Spain the former colonial ruler of Cuba By focusing on their lived experiences of displacement the book brings to light imaginative narrative re creations of the nation from afar Drawing on extensive ethnographic fieldwork the book argues that the Cuban diaspora in Spain consists of three diasporic generations generated through distinct migratory experiences This constitutes an important step forward in understanding the dynamics of memory making and social differentiation within diasporas and in appreciating why people within the same diaspora engage in different modes of transnational practices and homeland relations
