Crucible Of Christian Morality:

The Crucible of Christian Morality J. Ian H. McDonald, 2016-04-29 The Crucible of Christian Morality explores the notion of Christian ethics and discusses its roots in the teachings of Jesus and also Hellenistic philosophy Its significance in developing moral standards throughout the world and its stability in the modern world The Crucible of Christian Morality uses new critical perspectives including the sociology of knowledge and discourse analysis J Ian H McDonald challenges conventional approaches by focusing on the behaviour of early Christian communities rather than their texts to shed new light on the nature of Christian morality in its earliest and most formative years Imitating Jesus Richard A. Burridge, 2007-10-22 In contrast to many studies of New Testament ethics which treat the New Testament in general and Paul in particular this book focuses on the person of Jesus himself Richard Burridge maintains that imitating Jesus means following both his words which are very demanding ethical teachings and his deeds and example of being inclusive and accepting of everyone Burridge carefully and systematically traces that combination of rigorous ethical instruction and inclusive community through the letters of Paul and the four Gospels treating specific ethical issues pertaining to each part of Scripture The book culminates with a chapter on apartheid as an ethical challenge to reading the New Testament using South Africa as a contemporary case study enables Burridge to highlight and further apply his previous discussion and conclusions Tensions in Christian Ethics Malcolm Brown, 2011-01-01 The book draws on the author's teaching of ethics at undergraduate and postgraduate level for the Cambridge Theological Federation since 2000 Its purpose is to introduce the reader to questions in Christian ethics through a careful examination of the fundamental meta ethical questions posed by the state we're in whether understood as a new phase of modernity or as postmodernity Brown draws on sources and authors from a variety of Christian traditions and from Britain the U S A and Europe The book will be of use not only to university departments and denominational and ecumenical teaching institutions but also as a more general exposition of the current state of ethical thinking in the Christian churches **Graced Life** John Hughes, 2016-08-02 Graced Life collects together the work of the late John Hughes Dean of Jesus College Cambridge who died in a car crash in 2014 aged 35 John Hughes was a rising star in the Church of England for whom all things could be seen in the light of faith as graced and caught up in the redeeming love of God **Ethics in 1 Peter** Elritia Le Roux, 2018-04-18 Many refer to 1 Peter as an exegetical stepchild within the New Testament that is it does not receive the same attention as the Pauline writings the Gospels or the Johannine literature Yet Martin Luther held the First Letter of Peter to be essential to one's own salvation In keeping with the tradition of Reformation inspired New Testament theology and building on the work of John H Elliott Elritia Le Roux highlights an affinity between the theology of Mark and the theology of 1 Peter Ethics in 1 Peter elaborates particularly the similar ways that Mark and 1 Peter handle Christology and the ethics that flows from it Le Roux argues that both the Gospel of Mark and the First Letter of Peter Christology specifically Christ's passion lay a foundation for an ethics of suffering **Intersex,**

Theology, and the Bible Susannah Cornwall, 2016-01-26 Intersex bodies have been figured as troubling by doctors parents religious institutions and society at large In this book scholars draw on constructive and pastoral theologies biblical studies and sociology suggesting intersex s capacity to trouble is positive challenging unquestioned norms and assumptions in religion and beyond

Christian Interculture Arun W. Jones, 2021-02-26 Despite the remarkable growth of Christianity in Africa Asia and Latin America in the twentieth century there is a dearth of primary material produced by these Christians This volume explores the problem of writing the history of indigenous Christian communities in the Global South Many such indigenous Christian groups pass along knowledge orally and colonial forces have often not deemed their ideas and activities worth preserving In some instances documentation from these communities has been destroyed by people or nature Highlighting the creative solutions that historians have found to this problem the essays in this volume detail the strategies employed in discerning the perspectives ideas activities motives and agency of indigenous Christians The contributors approach the problem on a case by case basis acknowledging the impact of diverse geographical cultural political and ecclesiastical factors This volume will inspire historians of World Christianity to critically interrogate and imaginatively use existing Western and indigenous documentary material in writing the history of Christianity in Asia Africa the Americas and Oceania In addition to the editor the contributors to this volume include J J Carney Adrian Hermann Paul Kollman Kenneth Mills Esther Mombo Mrinalini Sebastian Christopher Vecsey Haruko Nawata Ward and Yanna Yannakakis

Biblical Morality Mary E. Mills, 2001 Biblical Morality explores a selection of Old Testament narratives drawing out their views on morality to offer a unique perspective on the meaning of the term biblical morality When Old Testament stories are read by a number of different readers diverse cultural meanings emerge this book argues that any exploration of biblical morality must take into account plurality of meaning and not expect to settle for a single unified reading which produces a one dimensional personal behavioural ethic Presenting a study of biblical morality which allows Old Testament stories to stand in their own right as relevant sources this book allows for the relevance of moral boundaries without drawing these simplistically or narrowly and offers an accessible examination of biblical morality to all those exploring biblical texts narrative criticism and morality and ethics more widely
