The Big Picture John W. Lemza,2021-09-29 Capitalizing on thousands of feet of accumulated footage captured by combat camera crews during the early years of the Korean War a small group of US Army officers conceptualized a film series that would widen viewers understanding of the service and its mission Their efforts produced the documentary television series that in late 1951 would become The Big Picture Although it would take years to fully utilize the emerging technologies and develop the concept into a popularly recognized television series The Big Picture did evolve into a vehicle whose intention was to help the army tell its story sell its relevance in the emerging Cold War and inform and educate its audience about American ideals Its messages captured the early post 1945 zeitgeist and reflected a national mood that was anticommunist steeped in foundational principles of American exceptionalism and trusting of elite leadership John W Lemza's The Big Picture argues that the show like others produced for television during that time by the armed forces served as a vehicle for directed propaganda scripted to send important Cold War messages to both those in uniform and the American public In this first systematic study of its production and reception history as well as its themes and cultural impact Lemza shows how the producers incorporated specific Cold War themes such as anticommunism into episodes and deployed television's small screen as the intersection of propaganda and policy during the Cold War period John Lemza's study reveals that the longer The Big Picture maintained those themes the more they began to lose their resonance especially when the cultural and social environment of the United States began changing in the mid 1960s The series

producers chose to continue on a course that was set during the early Cold War years and the credibility of the show began to suffer Throughout the course of its two decade production run however The Big Picture cast a big shadow as the premier military program influencing viewing audiences through primetime television and syndication **Film and Video Finder, 1997**,1997 Film & Video Finder ,1997 *Bowker's Complete Video Directory 2001* ,2001 Turbulence in the Pacific Noriko Kawamura,2000-06-30 Although events in East Asia were a sideshow in the great drama of World War I what happened there shattered the accord between Japan and the United States This book pursues the two fold question of how and why U S Japanese tensions developed into antagonism during the war by inquiring into the historical sources of both sides Kawamura explains this complex phenomenon by looking at various factors conflicts of national interests geopolitical and economic perceptual problems such as miscommunication miscalculation and mistrust and most important of all incompatible approaches to foreign policy America s universalism and the unilateralism inherent in Wilsonian idealistic internationalism clashed with Japan s particularistic regionalism and the pluralism that derived from its strong sense of racial identity and anti Western nationalistic sentiments By looking at the motives and circumstances behind Japan s expansionist policy in East Asia Kawamura suggests some of the centrifugal forces that divided the nations and challenged the premise of Wilsonian internationalism At the same time through critical examination of the Wilson administration s universalist and unilateral response to Japan s actions she raises serious questions about the effectiveness of American foreign policy At the close of the 20th century after 50 years of Cold War those in search of a new world order tend to resort to Wilsonian rhetoric This book suggests that it can be unwise to apply a universalistic and idealistic approach to international conflicts that often result from extreme nationalism regionalism and racial rivalry *The Battle for Los Angeles* Kevin Allen Leonard,2006 A close look at how World War II changed America s attitudes toward racial identity European Entry into the Pacific Dennis O. culturally diverse region A wide ranging collection of case studies uncover these forgotten connections drawing together stories of migratory architects imperial commodities and indentured labour From Iran to Tasmania Japan to Java and Imperial China to the Pacific Islands the chapters reveal how remnants of colonial trade and industry shed light on the many multi faceted mobilities of the imperial age and their enduring legacy in the postcolonial built environments of Australasia the Pacific Southeast Asia and beyond The chapters also reveal deep strands of cultural influences and material imprints long neglected by national histories of architecture and showcase new methodologies to analyse the interconnectivities and bordering practices which are shaping our experiences of the 21st century With almost every chapter arising from new archival sources this richly interdisciplinary volume brings together the work of architectural historians geographers and heritage practitioners to provide a new understanding of the rich and contested history of this region
