Strada,Harold Martin Troper,Harold R. Troper,1997 During the nearly sixty years of filmmaking the always uneasy and often fractious Soviet American relationship has been mirrored in Hollywood s portrayal of Russians and the Soviet Union *Friend or Foe* examines the portrayal of the Soviet Union in American film and shows how these films reflect the attitudes of Americans as well as how each portrayal changed with the often uneasy relations between the two countries The authors show how films as rich repositories of national consciousness can be analyzed to reveal time bound insights into popular fears and obsessions History lovers and film buffs will appreciate the tongue in cheek approach to many of the absurdist films Scholars in history film studies and political science will find the depth and breadth of research useful A filmography bibliography and photographs further complement the study Foreign Policy Making in Taiwan Dennis V. Juhnke, 2002 One promoted goat gland transplants as a remedy for lost virility or infertility Another blamed aluminum cooking utensils for causing cancer The third was targeted by the Food and Drug Administration as public enemy number one for his worthless cures John Brinkley Norman Baker and Harry Hoxsey were the ultimate snake oil salesmen of the twentieth century With backgrounds in lowbrow performance carnivals vaudeville night clubs each of these charismatic con men used the emerging power of radio to hawk alternative cures in the Midwest beginning in the roaring twenties through the Depression era and into the 1950s All scorned the medical establishment for avarice while amassing considerable fortunes of their own and although the American Medical Association castigated them for preying on the ignorant this book shows that the case against them wasn't all that simple *Quacks and Crusaders* is an entertaining and revealing look at the connections between fraudulent medicine and populist rhetoric in middle America Eric Juhnke examines the careers of these three personalities to paint a vision of medicine that championed average Americans denounced elitism and affirmed rustic values All appealed to the common man winning audiences and patrons in rural America by casting their pitches in everyday

language and their messages proved more potent than their medicines in treating the fears insecurities and failing health of their numerous supporters Juhnke first examines the career of each man revealing their geniuses as businessmen and propagandists with such success that Brinkley and Baker ran for governor of their states and Hoxsey had thousands of supporters protest his persecution by the FDA Juhnke then investigates the identity motives and willingness to believe of their many patients and followers He shows how all three men used populist rhetoric evangelical anti Communist anti intellectual to attract their clients and then how their particular brand of populism sometimes mutated to anti Semitism and other sentiments of the radical right By treating the incurable Brinkley Baker and Hoxsey took on the mantles of common folk crusaders Brinkley was idolized for his goat gland cures until his death and Hoxsey s former head nurse continued his work from Tijuana until her death in 1999 In considering who visits quacks and why Juhnke has shed new light not only on the ongoing battle between alternative and organized medicine but also on the persistence of quackery and gullibility in American culture

Anderson,1993 Harry Truman s administration began searching for an American response to the clash in Indochina between French colonialism and Vietminh communism in 1945 Thirty years and five administrations later Gerald Ford and his aides tried unsuccessfully to solicit additional aid for South Vietnam from a reluctant Congress For Truman Ford and every American leader in between the dilemma in Vietnam hung ominously over the presidency In *Shadow on the White House* seven prominent historians examine how the leadership of six presidents and an issue that grew into a difficult and often unpopular war shaped each other Focusing on the personalities politics priorities and actions of the presidents as they confronted Vietnam the authors consider the expansion of presidential power in foreign policy formulation since World War II In their analyses they chronicle the history of executive leadership as it related to Vietnam assess presidential prerogatives and motives on war and peace issues and clarify the interconnection between the modern presidency and the nation s frustrating tragic and humiliating failure in Southeast Asia Although other histories have been written about the Vietnam experience this book is the first systematic and comparative survey on presidential leadership as it relates to the war issue It is organized by presidential administrations giving a detailed examination of each president s decisions and policies Based on the most recently opened archival sources the essays provide a framework on which to hang the kaleidoscopic events of the war Amazon.com
