**The Children's Crusade** G. Dickson, 2007-11-08 The Children's Crusade was possibly the most extraordinary event in the history of the crusades The first modern study in English of this popular crusade sheds new light on its history and offers new perspectives on its supposedly dismal outcome Its richly reimagined history and myth history is explored from the thirteenth century to present day The Crusader World Adrian Boas, 2015-10-14 The Crusader World is a multidisciplinary survey of the current state of research in the field of crusader studies an area of study which has become increasingly popular in recent years In this volume Adrian Boas draws together an impressive range of academics including work from renowned scholars as well as a number of though provoking pieces from emerging researchers in order to provide broad coverage of the major aspects of the period This authoritative work will play an important role in the future direction of crusading studies This volume enriches present knowledge of the crusades addressing such wide ranging subjects as intelligence and espionage gender issues religious celebrations in crusader Jerusalem political struggles in crusader Antioch the archaeological study of battle sites and fortifications diseases suffered by the crusaders crusading in northern Europe and Spain and the impact of Crusader art The relationship between Crusaders and Muslims two distinct and in many way opposing cultures is also examined in depth including a discussion of how the Franks perceived their enemies Arranged into eight thematic sections The Crusader World considers many central issues as well as a large number of less familiar topics of the crusades crusader society history and culture With over 100 photographs line drawings and maps this impressive collection of essays is a key resource for students and scholars alike Stories of the Crusades [signed J.M.N.] John Mason Neale, 1878 The Preaching of the Third Crusade (1187-1192) Alexander Marx, 2024-12-23 This book delivers the first substantial study of the preaching of the Third Crusade 1187-92 It assembles c 200 sermon texts and c 100 manuscripts to understand the explosive dynamic of mobilization in the Latin West Dealing with the essential fact that a genre called crusade sermon did not exist it develops methodological devices for identifying sermons relevant for the crusading purpose The book contests thus the modern historiography which has placed too much trust in the few chronicle reports However its fruitful blending of crusading preaching exegesis manuscript studies and intellectual history has much to offer beyond crusade studies *New English and Italian Pronouncing and Explanatory Dictionary* John Millhouse, 1886 *Dover Tidings*, 1917 **The Century Dictionary**, 1890 *The Century Dictionary and Cyclopedia*, 1906 *The Defender*, 1916 **The Century Dictionary and Cyclopedia: Dictionary** William Dwight Whitney, 1904 The Century Dictionary and Cyclopedia: The Century dictionary ... prepared under the superintendence of William Dwight Whitney ... rev. & enl. under the superintendence of Benjamin E. Smith, 1911 All About Me Sotirios Majoros, 2019-11-29 When Sotirios Majoros's thirteen year old daughter asked him a seemingly simple question What is life little did she realize the explosion of thoughts and ideas that she would set off in her father's mind To answer her question Sotirios found himself looking back through time

to the father of history Herodotus and across humanity's numerous cultures focusing in particular on how this question is expressed through various pieces of artwork such as sculptures and paintings. He also looked back through his own life eventually realizing that lurking beneath his daughter's question was an even more fundamental question: Who am I? His attempt to answer this question forms the foundation of this book.

**Living Church Quarterly**, 1887      **The Century Dictionary and Cyclopaedia** William Dwight Whitney, 1895      **The Landscape of Pastoral Care in 13th-Century England** William H. Campbell, 2017-12-21

The thirteenth century was a crucial period of reform in the English church during which the church's renewal initiatives transformed the laity. The vibrant lay religious culture of late medieval England cannot be understood without considering the reinvigorated pastoral care that developed between 1200 and 1300. Even before Innocent III called the Fourth Lateran Council of 1215, reform-minded bishops and scholars were focusing attention on the local church, emphasising better preaching and more frequent confession. This study examines the processes by which these clerical reforms moulded the lay religiosity of the thirteenth century, integrating the different aspects of church life so often studied separately and combining a broad investigation of the subject with a series of comparative case studies. William H. Campbell also demonstrates how differences abounded from diocese to diocese, town to country, and parish to parish, shaping the landscape of pastoral care as a complex mosaic of lived religion.
