Rethinking the Monstrous Jim Byatt, 2015-11-19 This book examines the various ways in which British fiction since the late 1960s has addressed the marginalization of anomalous identities in an era of increasing social inclusivity and the ways in which the category of the monstrous has been applied to various figures in society Drawing on a diverse range of theoretical positions from body politics to theories of domestic space the book highlights parallels between the management of medical conditions including locked in syndrome terminal illness and Down syndrome and psychological anomalies including tendencies toward paedophilia incest and violence toward minors By addressing such a range of disparate identities under the banner of monstrosity the book seeks to identify a degree of continuity between the treatment of the vilified predator and the vulnerable individual in contemporary Britain The fictional works discussed include a number of novels that have made little impact in commercial and critical terms yet which function as penetrating and insightful accounts of life in the margins These works offer valuable and unique perspectives on figures in society whose stories often go unheard and serve to outline the logic behind seemingly illogical gestures and acts

**Retroland** Peter Kemp, 2023-08-29 The essential companion for lovers of the contemporary novel Over the past fifty years fiction in English has never looked more various Books bulkier than Victorian three deckers appear alongside works of minimalist brevity and experiments with form have produced everything from verse novels to Twitter thread narratives This is truly a golden age But what unites this kaleidoscopic array of genres and styles Celebrated writer and critic Peter Kemp shows how modern writers are obsessed with the past In a series of engaging and illuminating chapters Retroland traces this novelistic preoccupation with history from the imperial and the political to the personal and the literary Featuring famous names from across the United Kingdom United States and the wider Anglophone world ranging from Salman Rushdie to Sarah Waters Toni Morrison to Hilary Mantel this is a work of remarkable synthesis and clarity a wonderfully readable and enjoyably opinionated guide to our current literary landscape
