Crystals And Life A Personal Journey:

Crystals and Life Celerino Abad Zapatero, 2002 *Crystals* Rachelle Charman, 2013-01-10 *Crystals* is the definitive Australian Crystal Bible. It brings a fresh new approach to the world of Crystals. The book differs from normal Crystal books by providing the user with step by step instructions on how to work and connect with crystals and promote healing. The reader is encouraged to become actively involved in the book to experience the crystal energy for themselves. The book lists all popular crystals with over 200 colour photographs of each with instructions on how to connect with each crystal. There are blank sections in the book for recording this experience. There are many case studies and stories showing how crystals have assisted in healing on a physical, emotional, mental and spiritual level. Main Points about the Book: An Australian Crystal specialist well known throughout Australia, founder of The Academy of Crystal Awakening, Rachelle was the personal assistant to Doreen Virtue when she worked for Hay House 2001-2004 and worked alongside John Edward, John Holland, Gordon Smith, Louise Hay, Sonia Choquette and Eric Pearl. Perfect for the beginner, lists all popular crystals with pictures of each. Step by step instructions on how to work and connect with crystals and promote healing. Actively involves the reader. Includes case studies and stories showing how crystals have assisted in healing on a physical, emotional, mental and spiritual level. **The Crystal Revolution** Roger Calverley, 2013-11-29 You were made to interconnect with every aspect of the universe and in fact you are a holograph of that universe. You are a set of light frequencies actualized in 3D time space through crystalline light architecture. In essence you have unlimited potential. Just as a fractal contains every aspect of the whole so you embody the macrocosm within your body, mind, microcosm. If you can model your mind on this reality and put the Laws of the Universe to work, you can actualize your dreams in this very life. This is the basis for your Crystal Revolution. In *The Crystal Revolution* you'll learn Universal Laws and Master Keys for realizing and expressing your full potential. A seven step method, clear and simple for putting these laws into practice. The nature, origin and importance of the crystalline lattice in the human microcosm, in Mother Earth and in the universe. The role of crystals in co-creating the new possibilities and actualizing humanity's full potential. How to release old mental conditioning and genetic programs that no longer serve our highest good. Visualizations, energy exercises, breath work and crystal practices for self transformation. *The Crystal Revolution* is a decisive turning point for us as individuals and for our world. This is what we were born to do and become. The Life of Your Choice Daniel Bax, 2012-11-01 This is the story of a man who miraculously woke up after a catastrophic accident left him unable to talk or eat, with his left side completely paralyzed and with no memories of his past or even who he was. He spent the next five years piecing together his past and relearning how to speak, eat and walk, all things that the doctors had assured his family he would never do again. This book gives us his story and the methods he used to achieve what the conventional wisdom said was impossible and serves as a guide for the readers to replicate his success in their own lives.
