Work-Life Research in the Asia-Pacific Xi Wen Chan, Sudong Shang, Luo Lu, 2024-03-29 This book addresses the most pressing and current work-life issues that are impacting Equity, Diversity, and Inclusion (EDI) in organizations across the Asia-Pacific. It is organized around three major themes: 1. Work-life equality and justice; 2. Technology, work, and family; and 3. Work-life values and trends in Asia, all of which will be discussed in relation to EDI. Issues concerning the work-life interface are closely intertwined with issues relating to EDI. For example, labor market inequalities are often fuelled by the interplay of gender, race, and family circumstances. Yet comparatively lesser attention has been given to the non-work aspects, particularly the family context, in research on the work-life interface and contemporary EDI issues. Breaking away from a predominantly Western perspective, this volume offers fresh insights and empirical evidence, shedding light on the most urgent and critical work-life challenges faced by people in the Asia-Pacific. It also provides deep understanding of the broader social, economic, and political environments shaping work-life trends. It will appeal to researchers and practitioners interested in topics related to human functioning and flourishing at
