*Instagram Secrets* Alexander Vinci,2021-09-04 Do you want to know how Instagram really works and what mindset you must have to succeed in this platform If you just starting reading through this guide and are thinking that your business isn t an eCommerce business and so Instagram isn t the place for you think again Remember the key proposition that Instagram brings is visualization Consider these examples 1 You re a real estate agent and want to highlight the newest mountain home that you have on the market 2 You are a world class hospital that just released a new mother s ward with beautiful birthing and stay suites with a spa like feel 3 You re a restaurant owner and want to highlight your savory and mouthwatering specials each week The above examples are all situations where nothing is actually being transacted online but the business is building brand awareness and drumming up interest so that the consumer will visit their website or pick up the phone to learn more The mysterious Instagram algorithm While we ll never know exactly how Instagram has weighted the various data points that they put into their algorithm we do know that Instagram s back end technology now focuses on relevancy serving up the posts that are most likely to relate to certain users based on their activity on the site So every time a user clicks through a post or spends a certain amount of time looking at a certain influencer Instagram is capturing that data in some

way and building it into their engine to ensure that posts that users won't care about are less likely to show up in their feed. We do know however that Instagram is looking at the following: Timely content. This is all about recency meaning if a user hasn't logged in for a while they won't have to scroll through outdated and no longer relevant posts. They'll be shown timely content that matters to them. Interest. This is really the secret sauce as Instagram is paying attention and will serve content that it believes the user will be interested in. Relationships. Instagram knows what photos users tag and where they comment. So if a user has interacted in some way with certain brands in the past they are far more likely to be served content from that brand or similar brands in the future. For marketers this is a great thing. It means that as Instagram learns more about your brand your posts and advertisements are more likely to get in front of your niche or target audience. A few notes about Instagram Shopping. With the release of Instagram Shopping in late 2016 Instagram literally turned their platform into an online marketplace. While it is still a common practice to include website links to your business site and even to a product page now it is possible to allow the customer to transact directly on the Instagram platform. For businesses that want to enable the Shopping capability they need to meet the following requirements: You must have an Instagram business profile. That business profile needs to be connected to a Facebook catalog. Your company's registered headquarters location must be located in one of the Instagram approved countries. Items for sale must be physical goods that comply with the trading guideline and terms of use set forth by Instagram. As this Instagram Marketing Guide is intended as a resource for those getting started with Instagram marketing we will not be providing a deep dive of the Instagram Shopping capability. Here is a Preview of What You Will Get: A Full Book Summary, An Analysis, Fun quizzes, Quiz Answers, Etc. Get a copy of this summary and learn about the book. *INSTAGRAM MARKETING ADVERTISING 2020* Robert Grow, 2020-10-16. At first some people get into Instagram to socialize and for fun. Anyway it is a better way to share some of your personal photos and perhaps show off. In addition Instagram can be used for an effective and fruitful marketing strategy. Most of the people on Instagram are unaware that you can make their business more visible. However this becomes better when you have clearly identified your niche. Most of the prevalent niches are fashion, health and fitness, travel and tourism, and beauty. It should not be an issue if your business does not fall under any of these niches. Start by evaluating the most appropriate niche for your business which makes you unique. There is an Instagram niche for everyone whether you are a succulent grower, food blogger, nature lover, or a travel marketer. You just need to find your niche and stick to it. Doing this may not be easy, take time deliberating the best choice. It also requires accuracy and patience. For effective Instagram marketing you must be sure that the content you share through Instagram will reflect the values that you represent as a brand. Being genuine can help you resonate well with your target audience. You should be flexible without compromising your business goals. Even though the strategies and tactics described in this book are proven effective you must still be open to experimenting to see which can really bring results. You should always be mindful of your Instagram activities. While you can outsource the job it is still your responsibility to make

sure that your posts are beneficial to your brand and your activities can bring results Be on top of your online activities as it can make or break your business This guide will focus on the following Why use Instagram How Instagram works the different functionalities How to make a great Instagram account How to make money from Instagram page Why content needs to be effective Building a personal brand in 2019 How to do lead magnet on Instagram like a pro Creating an effective marketing strategy Why Instagram for social marketing Best apps to use to market your brand on Instagram Building value and setting up your account for success Common mistakes to avoid when marketing on Instagram The best tips for growing your Instagram business account AND MORE

**Example Solutions from the Book:**

**Problem:** Not knowing how to start building a personal brand.

**Solution:** The book's initial chapters focus on self-discovery exercises and help you identify your unique strengths and passions. These exercises guide you in creating a solid foundation for your brand by clearly defining what sets you apart from others.

**Problem:** Struggling to create engaging content consistently.

**Solution:** The book introduces the concept of content pillars—key themes that your content will revolve around. By establishing these pillars, you'll never run out of ideas and ensure your content remains relevant and engaging.

The book also provides templates and tools for content planning, making consistency easier to achieve.

**Problem:** Overwhelmed by multiple social media platforms.

**Solution:** Instead of spreading yourself too thin, the book helps you identify which platforms best align with your brand and audience. You'll learn to create platform-specific strategies, maximizing your impact on each one without feeling overwhelmed.

**Problem:** Low engagement and audience growth.

**Solution:** The book offers techniques to boost engagement through interactive content, polls, Q&A, and more. It's a toolkit filled with actionable insights, expert advice, and practical examples.

Imagine transforming your online presence, attracting opportunities, and turning your passion into profit. This book empowers you to take control of your personal brand and make a lasting impact.
